The Holland Riverside Marina is regulated by Waste Discharge Requirements (WDRs) Order R5-2001-0093. In order for Central Valley Water Board staff to ensure that the monitoring reports required by this Order are accurately logged into our database, and that you are credited with the submittal of the reports, we have prepared a *Monitoring Report Submittal Transmittal Form* for your use. A copy of the transmittal form is enclosed. We ask that you use this form as the cover letter for each monitoring report that you submit. We suggest that you make copies of the form for your use. Beginning with your next monitoring report submittal, and thereafter, please include a completed transmittal form that is signed and dated with your monitoring report submittal.

Please be advised that monitoring reports must be submitted on time, and must include all of the information required by the Order. Late and/or incomplete monitoring reports can subject the Discharger to enforcement actions.
