

Sacramento POTW Basin Plan Amendment
DRAFT Proposed Amendment Language
(Excerpt from Draft Staff Report)

6 PROPOSED AMENDMENT LANGUAGE

The proposed changes to the Basin Plan are as follows. Text additions to the existing Basin Plan language are underlined and *italicized*. Modify the Basin Plan in Chapter 2 Beneficial Uses under the heading, “Surface Waters” (page II-2.01), as follows:

Water Bodies within the basins that do not have beneficial uses designated in Table II-1 are assigned MUN designations in accordance with the provisions of State Water Board Resolution No. 88-63 which is, by reference, a part of this Basin Plan, except as provided below:

- Old Alamo Creek (Solano County) from its headwaters to the confluence with New Alamo Creek
- Sulphur Creek (Colusa County) from Schoolhouse Canyon to the confluence with Bear Creek
- *Water bodies listed in Appendix 44, Water Bodies that meet the Sources of Drinking Water Policy (Resolution 88-63) exceptions*

These MUN designations in no way affect the presence or absence of other beneficial use designations in these water bodies. In making any exemptions to the beneficial use designation of MUN, the Regional Board will apply the exceptions listed in Resolution 88-63 (Appendix Item 8) *and the exempted water bodies will be listed in Appendix 44.*

Staff recommends adopting Appendix 2 of this Staff Report into the Basin Plan as Appendix 44, Water Bodies that meet the Sources of Drinking Water Policy (Resolution 88-63) exceptions.

The proposed changes to the Basin Plan’s Chapter IV Implementation (page IV-9.00) under heading State Water Board Resolution No. 88-63, Sources of Drinking Water Policy are as follows:

Where the Regional Water Board finds that one of the exceptions applies, it may remove the municipal and domestic supply beneficial use designation for the particular body of water through a formal Basin Plan amendment and a public hearing, followed by approval of such an amendment by the State Water Board and the Office of Administrative Law. See Appendix Item 8 *for Resolution 88-63 exceptions and Appendix 44 for water bodies that meet the exceptions.*
