

Lahontan Regional Water Quality Control Board

September 5, 2012

TO ALL INTERESTED PERSONS AND AGENCIES:

UPDATE - RENEWABLE ENERGY PROJECTS, SOUTHERN LAHONTAN REGION

Staff of the Lahontan Regional Water Quality Control Board will be presenting information on solar thermal energy projects in the Lahontan Region at the Water Board's September 12-13, 2012 Board Meeting. This presentation will be part 1 of a 2-part series. The second part of our renewable energy workshop is scheduled for our November 2012 board meeting and will include information on photovoltaic and wind energy projects.

If you need further information regarding this meeting, please contact our office at (530) 542-5400.
