### **RESPONSE TO COMMENTS, DRAFT CLEANUP AND ABATEMENT ORDER NO. R6V-2013-DRAFT, ARIMOL GROUP, INC. AND MEADOWBROOK CEDAR, INC., LAKE ARROWHEAD, SAN BERNARDINO COUNTY, WDI NO. 6B36C363433**

Thank you for providing your comments dated July 3, 2013, in response to the above-referenced draft Cleanup and Abatement Order. You specifically requested the Lahontan Water Board provide comments on workplans within 10 days of receipt. While the Lahontan Water Board may provide comments to your workplans, if you do not receive comments we advise you to proceed in accordance with the deadlines set forth in the Order. Failure to receive comments from the Lahontan Water Board staff or any other agencies within 7-10 days of submission will not excuse performance. As we stated in our meeting on June 14, 2013, staff anticipate providing comments, if we have them, within a reasonable time period, but we will not specify a response schedule. We encourage you to submit workplans as soon as possible to facilitate timely project implementation and staff reviews. As we stated at our meeting, you can assist with this process by submitting complete workplans that provide the details set forth in the Order. As you are aware, the prior process was marred with incomplete plans that failed to address the issues/requirements in the previous Cleanup and Abatement Order, which ultimately delayed site restoration. In addition, please feel free to contact staff if you have any questions.
