Calipatria– Imperial County

Location of Discharge: NE ¼ of Section 12, T12S R13E, SBB&M

MONITORING

1. In the event of a routine maintenance and/or emergency discharge of wastewater to the standby basins, the City of Calipatria shall report to the Regional Board concerning the following:
 - a. Prior to discharge, inspect the standby basins and report on the integrity of said basins.
 - b. Estimate of average daily flow to basins and anticipated duration of discharge – report monthly.
2. The collection, preservation and holding times of all samples shall be in accordance with United States Environmental Protection Agency (USEPA) approved procedures. Unless otherwise approved by the Regional Board’s Executive Officer, all analyses shall be conducted by a laboratory certified by the State Department of Health Services. All analyses shall be conducted in accordance with the latest edition of the “Guidelines Establishing Test Procedures for Analysis of Pollutants” (40 CFR Part 136), promulgated by the USEPA.
3. If the facility is not in operation, or there is no discharge during a required reporting period, the discharger shall forward a letter to the Regional Board indicating that there has been no activity during the required reporting period.

OPERATION AND MAINTENANCE

The discharger shall report the following:

<u>Activity</u>	<u>Reporting Frequency</u>
To inspect and document any operation/maintenance problems by inspecting the standby basins. In addition, calibration of flow meters and equipment shall be performed in a timely manner and documented.	Annually

REPORTING

¹ Revision November 6, 2003

1. Monitoring reports shall be certified under penalty of perjury to be true and correct, and shall contain the required information at the frequency designated in this monitoring report.
2. Records of monitoring information shall include:
 - a. The date, exact place, and time of sampling or measurement(s);
 - b. The individual(s) who performed the sampling or measurement(s);
 - c. The date(s) analyses were performed;
 - d. The individual(s) who performed the analyses;
 - e. The analytical techniques or method used; and
 - f. The results of such analyses.
3. The results of any analysis taken, more frequently than required at the locations specified in this Monitoring and Reporting Program shall be reported to the Regional Board.
4. Reporting of any failure in the facility (wastewater treatment plant, and collection and disposal systems) shall be as described in Provision No. 10. Results of any analysis performed as a result of a failure of the facility shall be provided within ten (10) days after collection of the samples.
5. Each report shall contain the following statement:

"I declare under the penalty of law that I have personally examined and am familiar with the information submitted in this document, and that based on my inquiry of those individuals immediately responsible for obtaining the information, I believe that the information is true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of a fine and imprisonment for knowing violations".
7. A duly authorized representative of the discharger may sign the documents if:
 - a. The authorization is made in writing by the person described above;
 - b. The authorization specified an individual or person having responsibility for the overall operation of the regulated disposal system; and
 - c. The written authorization is submitted to the Regional Board's Executive Officer.
8. The discharger shall attach a cover letter to the Self Monitoring Report with information contained therein to clearly identify Owner/Operator, WDID No., and Board Order Number. Information contained in the cover letter shall clearly identify violations of the WDRs, discuss corrective actions plan or planned and the proposed time schedule of corrective actions. Identified violations should include a description of the requirement that was violated and a description of the violation.
9. Monthly monitoring reports shall be submitted to the Regional Board by the 15th of the following month in the event of a routine maintenance and/or emergency discharge of wastewater to the basins; or forward a letter to the Regional Board indicating that there has been no activity during the required reporting period.
