

Date:

December 8, 2008

Applicant:

Department of Parks and Recreation

Project Name:

Department of Parks and Recreation - Picacho Lower Dock Dredging, WDID NO. 7B133019001

Receiving Water:

Colorado River

Location:

The Lower Dock is located at Picacho State Recreation Area on Picacho Rd. approximately 20 miles N' by NW' of Yuma Arizona. There are three restrooms and several ramadas at this location that are used by boaters and campers. The Channel extends inland approximately 300' from the river proper and ranges from 12' to 30' wide from front to back. The area that will be dredged is less than half of the total channel in length and as far as the excavator can reach in width. The site is located in County of Imperial, Latitude 33° 01'57"N/114° 38'34"W, Township/Range 4 South/ 23 West.

Project Description:

To remove sand and rock material, deposited by recent floods from the lower dock and channel located at Picacho State Recreation Area thus providing an accessible, navigable waterway to the public and emergency response.

Action:

Pending
