

Public Notice of Issuance of 401 Certifications and General Waste Discharge Requirements for Discharges of Dredge or Fill to waters of the U.S.

April 2005

Last updated April 27, 2005

Project Name:	Sycamore Canyon Riparian Recovery Program
File Number	332005-28-DGW
Applicant:	Riverside-Corona Resource Conservation District
Agent:	None
Receiving Water:	Sycamore Creek tributary to Santa Ana River
Project Description:	
Stabilize flow and allow for sediment filtration. Install rock stabilization structures and associated riparian vegetation.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Summerwind Ranch at Oak Valley
File Number	332005-27-APF
Applicant:	SunCal Companies
Agent:	LSA Associates, Inc.
Receiving Water:	Unnamed intermittent drainage and three unnamed ephemeral drainage tributaries to San Timoteo Wash
Project Description:	
Construct residential subdivision with total of 673 lots with associated infrastrucutre, and roadways on 303.6- acre site.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	20 Foot Low Flow Channel Sediment Project Removal
File Number	332005-23-APF
Applicant:	D.R. Horton
Agent:	Glenn Lukos Associates, Inc.
Receiving Water:	Perris Drain and San Jacinto River within San Jacinto Watershed
Project Description:	
Conduct and manage sediment removal within 20-foot wide low flow channel within two on site drainages.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Ontario and Vineyard
File Number	362005-11-APF
Applicant:	Panattoni Development Company, LLC
Agent:	Ecological Sciences, Inc.
Receiving Water:	Day Creek Storm Drain
Project Description:	
Development of light industrial buildings on former agricultural land, grading and fill of small drainage feature to build structures and infrastructure. Development of approximately 34 acres of former agricultural land to complex of six light buildings.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Schleisman Road Bridge Widening
File Number	332005-24-APF
Applicant:	Pulte Homes
Agent:	Glenn Lukos Associates, Inc.
Receiving Water:	Cucamonga Creek tributary to Santa Ana River
Project Description:	
Provide proper level of service for road crossing of blue-line stream.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Chino Creek Bridge Replacement Project
File Number	362005-10-APF
Applicant:	California Department of Transportation
Agent:	
Receiving Water:	Chino Creek tributary to Santa Ana River
Project Description:	
Widen channel and replace existing bridge. New pier columns angled to parallel flows in order to minimize future scouring. Displace 0.016 acres less than existing piers.0.035 acres of rock slope protection placed in abutments.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or

Project Name:	Lake Mathews Golf and Country Club
File Number	332005-25-APF
Applicant:	Lake Mathews Venture, LLC
Agent:	PCR Services Corporation
Receiving Water:	Unnamed drainages and tributaries to Temescal Wash
Project Description:	
Develop residential community and golf course in western Riverside County. Develop 364.70 acres (333 acres on site and 31.7 acres off site) and preserve 57.7 acres as open space.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Tract 31593, Lake Elsinore
File Number	332005-20-APF
Applicant:	South Shore Properties, LLC
Agent:	Glenn Lukos Associates
Receiving Water:	Wasson Creek major tributary of Temescal Creek
Project Description:	
Develop approximately 92 acres of land into 521 single-family residential lots with minimum lot size of 6000 square feet. Expand Elsinore Hills Drive to the north and build road crossing over Wasson Creek using 30-foot wide arch structure.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	MKJ Iowa Commerce Center
File Number	362005-09-APF
Applicant:	MKJ Iowa Commerce Center, LLC
Agent:	Thatcher Engineering & Associates, Inc.
Receiving Water:	Mission Channel-Zanja Creek system
Project Description:	
Construct 24-inch RCP storm drain connection and rip rap splash pad and 8 foot wide bike train within San Bernadino County Flood Control District Right of way. Construct side inlet into existing Mission Channel to provide drainage from site into drain.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Low Water Crossing at 3rd Street and Wildwood Creek
File Number	362005-08-APF
Applicant:	City of Yucaipa
Agent:	
Receiving Water:	Wildwood Creek
Project Description:	
Increase public safety by alleviating current flooding deficiencies by constructing bridge/box culvert to contain 100 year flood volume. Elevate existing at grade low water crossing. Alternative consists of triple 18' x 10' box culvert	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Lakeview Villas, Sedco Hills
File Number	332005-26-APF
Applicant:	Elsinore Lakeview Villas, LLC
Agent:	HELIX Environmental Planning, Inc.
Receiving Water:	Unnamed ephemeral drainages within San Jacinto River, Lake Elsinore
Project Description:	
Residential development that includes 62 multi-family units and associated infrastructure, recreation area, pedestrian trail, park for the 31.8- acre site. Includes 3.03- acre water facility easement and 0.9 acre detention basin.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Water crossing at 10th street and Wilson Creek, Yucaipa
File Number	362005-07-APF
Applicant:	City of Yucaipa
Agent:	
Receiving Water:	Wilson Creek
Project Description:	
Construct bridge/box culvert to improve low-water crossing to contain 100 year flood volume in order to increase public safety by alleviating current flooding deficiencies	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Lake Elsinore Aeration Project
File Number	332005-22-APF
Applicant:	Lake Elsinore San Jacinto Watershed Authority (LESJWA)
Agent:	Pacific Advanced Civil Engineering Inc. (PACE)
Receiving Water:	Lake Elsinore into San Jacinto Watershed
Project Description:	
Water quality improvement by installation of aeration/mixing mechanisms which include construction of 2 aeration stations, installation of aeration diffuser lines, and installation of sensors into lake.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Katellaris Farm and Nursery
File Number	302005-03-APF
Applicant:	Panayiotis Katellaris
Agent:	
Receiving Water:	Tributary to Santiago Creek
Project Description:	
Perform routine maintenance to remove sediment in pond located adjacent to Santiago Canyon Road impacting an unnamed drainage, tributary to Santiago Creek.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Newport Blvd. Bioswale
File Number	302005-04-APF
Applicant:	City of Newport Beach
Agent:	WRC Consulting Services, Inc.
Receiving Water:	local drain parallel to Newport Blvd., drains to Newport Bay
Project Description:	
Small channel alteration project which will convert a 350 ft. long section of fully lined concrete channel into a bioswale.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	PCH Bridge and Shoreline Stabilization
File Number	302005-05-APF
Applicant:	Department of the Navy
Agent:	
Receiving Water:	Anaheim Bay
Project Description:	
Demolish and remove old PCH bridge and stabilize shoreline of channel between Anaheim Bay and current PCH bridge located at Naval Weapons Station in Seal Beach, OC.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov

Project Name:	Tract 26811, Calimesa
File Number	332004-57-APF
Applicant:	Joseph Nicholas Homes, Inc.
Agent:	P&D Environmental
Receiving Water:	San Timoteo Creek
Project Description:	
Fill of drainages and a channel crossing for the construction of a master planned residential community of 270 homes on 119.7 acres and 23.2 acres of open space.	
Contact at Regional Board:	Adam Fischer at (951) 320-6363 or afischer@waterboards.ca.gov
