

Public Notice of Applications for 401 Certifications and/or Waste Discharge Requirements Authorizing Discharges of Dredge or Fill to waters of the U.S.

November 2006

Last updated November 21, 2006

Project Name:	Interstate 405 Auxiliary Lanes
File Number	302006-28
Applicant:	Caltrans
Agent:	Caltrans
Receiving Water:	Three (3) concrete-lined channels tributary to East Garden Grove Wintersburg Channel
<p>For this project, Caltrans is proposing to construct two (2) auxiliary lanes on Interstate 405. One will be added on the northbound I-405 from the Magnolia Street on-ramp to the Newland Street overcrossing. The other will be added on the southbound I-405 from the Edinger Avenue overcrossing to the Magnolia Street off-ramp.</p>

Project Name:	Irvine Avenue Repairs
File Number	302006-30
Applicant:	County of Orange, Resources Development & Management Dept.
Agent:	None
Receiving Water:	Santa Ana Delhi Channel
<p>This project involves the widening of Irvine Avenue where it crosses the Santa Ana Delhi Channel. Improvements include installing continuous curb, gutter, and new catch basins and revising slopes. An existing outlet to the channel will be upgraded from 18 inches to 36 inches of concrete reinforced pipe. The project site is located in the unincorporated area of Santa Ana Heights in Orange County.</p>

Project Name:	Newport Dunes Maintenance
File Number	302006-31
Applicant:	County of Orange
Agent:	Chambers Group, Inc.
Receiving Water:	Upper Newport Bay
<p>This proposed project calls for the dredging of sediment from various areas of Newport Dunes within Upper Newport Bay in Newport Beach. Areas that require dredging include the Newport Dunes Marina docks, a boat launch ramp and boarding docks, the main navigation channel adjacent to the marina, a pedestrian bridge, and a swimming lagoon. The dredged material will be deposited at an ocean disposal site. The purpose of this project is to return the marina to design depth.</p>

Project Name:	Newport Channel Dock Replacement
File Number	302006-32
Applicant:	City of Newport Beach Harbor Resources Division
Agent:	BLUEWater Design Group
Receiving Water:	Newport Channel
<p>This project proposes to replace an existing rectangular-shaped floating dock with a new U-shaped concrete dock in Newport Beach. The goal of the project is to stabilize the platform for the passengers to access the boats and to protect the boats from the incoming boat wakes from the adjacent Newport Channel. The project site is located at 2210 Channel Road.</p>
