SUPPLEMENTAL ENVIRONMENTAL PROJECT (SEP) Application

(Please review the General SEP Qualification Criteria and the SEP Evaluation Form before completing this form; please provide all relevant information that could be used for evaluating your application.)

The following information is needed for consideration of a project for inclusion to the list of approved SEP projects for the Santa Ana Region.

I.	Name of SEP Proponent: Address:		
		Fax:	
	E-mail address:		
II.	SEP Project Details		
Nam	ne of Project:		
quali	ect Summary: (include scope of work ity/environmental benefits from the p ils on a separate sheet.)	, methods and materials, water roject, work products, etc. You may attach the	
Loca	ation of Project: (include watershed or	waterbody, location maps, etc.):	

Project Schedule: (include start date, expected end date, interim and final report dates [at a minimum, quarterly reporting is required by SEP Policy]):
Deliverables: (interim and final reports, analytical results, model runs, etc.)-
III. Total project cost and the amount of SEP money requested: (include a breakdown of project costs such as overhead/project management, design/consultation, construction/implementation, sample collection/analysis, report preparation; indicate other funding sources, if any. For other funding sources, indicate if the funds have been committed, any restrictions on the funds, and the amount.)
IV. Nexus: (Explain how the proposed SEP project benefits the watershed impacted by the discharge for which a fine was assessed. This information may not be available during the initial SEP application process and may be submitted later.)
V. Discharger: (If you are requesting SEP funds as part of a settlement for an enforcement action, include the name of the Discharger and the enforcement action; otherwise, leave it blank.)
