

# DISCHARGER'S GUIDE TO THE STORM WATER MULTIPLE APPLICATION AND REPORT TRACKING SYSTEM (SMARTS) DATABASE

## INDUSTRIAL GENERAL PERMIT

STATE WATER RESOURCES CONTROL BOARD

## Introduction

The [Industrial General Permit \(Order 2014-0057-DWQ\)](#), referred to as the IGP for the purposes of this document, regulates storm water discharges associated with industrial activities. Dischargers are required to certify and submit all permit-related compliance documents via the Storm Water Multiple Application and Report Tracking System ([SMARTS](#)). Dischargers shall certify and submit these documents which include, but are not limited to, Permit Registration Documents (PRDs) including Notices of Intent (NOIs), No Exposure Certifications (NECs), Notice of Non-Applicability (NONA), and Storm Water Pollution Prevention Plans (SWPPPs), as well as Annual Reports, Notices of Termination (NOTs), Level 1 ERA Reports, and Level 2 ERA Technical Reports.

This guide was developed to assist Dischargers in submitting their NOIs, NECs, NONAs, NOTs, and Annual Reports, as well as, viewing/printing Receipt Letters, monitoring the status of submitted documents, and viewing their application/renewal fee statements through SMARTS. This guide contains general guidance, detailed information on how to access SMARTS, how to complete the required applications, a list of acronyms, frequently asked questions, and a glossary. This guidance document is a “living document” and will be updated as necessary.

For additional questions, contact the SMARTS Help Center at:

## 1.0 SMARTS Quick Start Guide

### 1. SMARTS User Registration

All SMARTS users **MUST** [Sign Up](#) for an individual SMARTS User Account.

### 2. Link User Accounts

The Legally Responsible Person (LRP) can link LRPs, Duly Authorized Representatives/Approved Signatory (DARs/AS), and Data Entry Persons (DEPs) to assist in managing new and existing Permit Registration Documents (PRDs).

### 3. **Important:** A signed hardcopy of the LRP Electronic Authorization (eAuthorization) Form **MUST** be mailed to the State Water Board for each Organizations LRP and DAR/AS certifying and submitting information to the State Water Board in SMARTS (See Section 2.0).

### 4. Hardcopy submittals to the State Water Board

#### a. Fee Statement and checks

#### b. Signed Electronic Authorization (eAuthorization) Forms

Mailed to: Storm Water Section  
P.O. Box 1977  
Sacramento, CA 95812-1977

Overnight:  
Storm Water Section, **15<sup>TH</sup> Floor**  
1001 I Street  
Sacramento, CA 95814

### 5. SMARTS Checklists

#### [SMARTS Recertification of an existing Industrial General Permit NOI](#)

- LRP must [Sign Up](#) for a SMARTS account
- Certify and submit the Industrial NOI information
- [Upload a Storm Water Pollution Prevention Plan](#) (See Section X of the IGP)
- [Upload a separate Site Map](#) (See Section X.E of the IGP)

#### [SMARTS Registration for a \*\*new\*\* Industrial General Permit NOI](#)

- LRP must [Sign Up](#) for a SMARTS account
- Certify and submit the Industrial NOI application
- [Upload a Storm Water Pollution Prevention Plan](#) (See Section X of the IGP)
- [Upload a separate Site Map](#) (See Section X.E of the IGP)
- Verify that your eAuthorization form has been mailed in for this Organization
- Mail the check for the invoiced amount indicated in the fee statement (or **best to pay online via SMARTS using Electronic Fund Transfer option**), and the SMARTS fee statement printout to the State Water Board.

#### [SMARTS Registration for a \*\*new\*\* No Exposure Certification \(NEC\)](#)

- LRP must [Sign Up](#) for a SMARTS account
- Certify and submit the Industrial NEC application (includes checklist)
- [Upload a Site Map](#) (See Section X.E of the IGP)
- Verify that your eAuthorization Form has been mailed in for this Organization
- Mail **\$200** check (or **best to pay online via SMARTS using Electronic Fund Transfer option**), fee statement to the State Water Board

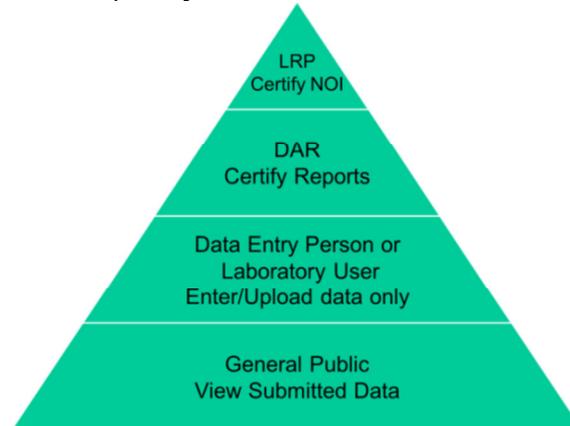

SMARTS Registration for a **new** Notice of Non Applicability (NONA)

- LRP must [Sign Up](#) for a SMARTS account
- Certify and submit Industrial NONA application
- Verify that your eAuthorization form has been mailed in for this Organization
- Upload a No Discharge Technical Report certified by a California licensed professional engineer

## 2.0 SMARTS USER REGISTRATION

### User Roles in SMARTS

In order to use SMARTS you must be registered in the database as a Legally Responsible Person (LRP), Duly Authorized Representative (DAR)/Approved Signatory (AS), or a Data Entry Person (DEP). The account roles and responsibilities for each of the User Accounts are shown in Figure 1. For detailed descriptions of the User Accounts, refer to Section C.7 of the Frequently Asked Questions.

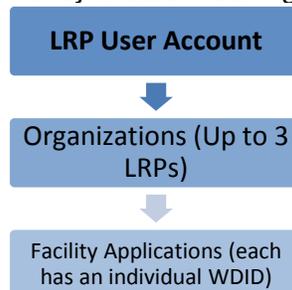

**Figure 1 – Signatory Roles and Responsibilities**

### Structure of Organizations in SMARTS

**Organization ID:** The numerical identification code given to an Organization when it is created in SMARTS. Figure 2 shows the basic structure of Organizations in SMARTS to manage applications associated with a User Account. Organizations are specified by their Organization ID and name. When creating a new Organization in SMARTS, the user will be asked to provide the Organization name, address, business type, and Federal Tax ID.

Hints on Organizations:

- Organizations help keep track of the multiple applications managed under a User Account or collection of linked User Accounts.
- Each Organization may be managed by up to three LRPs.
- Each Organization must have eAuthorization Forms submitted by LRPs and DARs certifying and submitting information to the State Water Board for that Organization. The eAuthorization Form will apply to all applications grouped under that Organization.
- It is **not required** to have a separate Organization established for each WDID. In fact, this practice will complicate your SMARTS User Account with unnecessary Organization IDs. It is advised to only establish multiple Organizations when they create meaningful distinction among multiple WDIDs.

**Figure 2. Basic Structure of Organizations in SMARTS**

## SMARTS User Registration Steps

If you are not registered in SMARTS and wish to be registered as a LRP, DAR, or DEP for your facility, follow the steps below:

1. Start by going to the SMARTS login screen at: <https://smarts.waterboards.ca.gov>

The screenshot shows the SMARTS login page. At the top, there is a navigation bar with links for Home, About Us, Public Notices, Board Info, Board Decisions, Water Issues, Publications/Forms, and Press Room. Below this is a header for the California Environmental Protection Agency and State Water Resources Control Board. The main content area is titled "Water Boards Storm Water Multiple Application & Report Tracking System" and "Welcome to Storm Water Multiple Application and Report Tracking System". The central heading is "SMARTS". A paragraph explains that SMARTS is an online database for dischargers to file storm water permit documents. A key instruction states: "Need to sign up for a SMARTS account? All SMARTS users must have their own account. Click the 'Get Started' button below for instructions." Below this text is a "Get Started" button. To the right, there is a "SMARTS LOGIN" section with fields for "User ID:" and "Password:", a "Login" button, and a link for "Forgot User ID or Password?". Below the login section is a "PUBLIC ACCESS" section with a link for "View SW Data". At the bottom, there is a "Web Browser Requirements" section stating that SMARTS runs on Internet Explorer 11. A red arrow points from the "Get Started" button to the "Forgot User ID or Password?" link.

2. Click on "Get Started". If you already have an existing account, or forgotten your UserID and/or Password, click on the **Click Here** link under Forgot UserID or Password.

This screenshot is identical to the one above, but with a red arrow pointing from the "Click Here" link under the "Forgot User ID or Password?" section to the "Get Started" button. This indicates the correct action to take if a user has forgotten their credentials.

- Click the **Industrial New Users** button, then follow by the **New User** button.

*Water Boards Storm Water Multiple Application & Report Tracking System*

### SMARTS

All SMARTS users must have their own account. Please keep your user ID, password, and security questions in a safe location.  
**\*\* User IDs and passwords are case-sensitive! \*\***

[SMARTS New User Registration Instructions](#)

**New Industrial General Permit (Notice of Intent, No Exposure Certification, Notice of Non-Applicability)**

Industrial users: please read the [SMARTS Help Guide](#) before clicking the button below.

**Industrial New Users**

**New Construction General Permit**

Construction New Users

**All Other New Users**

- Caltrans
- Caltrans Construction
- Phase I MS4
- Phase II MS4
- Region 6 SLT Construction
- Region 8 Scrap Metal
- Region 8 MS4 CIP

Other users include those filing the following types of permits:

The Principal Signatory or [Legally Responsible Person \(LRP\)](#) must create a SMARTS account. To do so use the button below.

**Other New User**

If you already have an account, [go to the SMARTS webpage](#) and login.

*Water Boards Storm Water Multiple Application & Report Tracking System*

### SMARTS

Industrial General Permit (IGP) users should follow the steps below.

- Determine where your facility needs coverage:
  - Read [FAQs](#)
  - Determine your Standard Industrial Classification (SIC) Codes: [SIC Code Video](#)
- Read the IGP documents on the [IGP Program page](#). Make sure you understand what the permit requires.
- If you determine that your facility needs to obtain coverage, review the [Help Guide](#) to assist in the navigation through SMARTS.
- Sign up as a new user and use the Help Guide from Step 3 to guide you through the application process. A Legally Responsible Person (LRP) must link additional users as described in the Help Guide.

Click the button below to sign up for a SMARTS user account.

**New User**

If you already have a SMARTS user account, go to the [SMARTS webpage](#) and login.

*Water Boards Storm Water Multiple Application & Report Tracking System*

### NEW USER REGISTRATION STEP 1/3: Select User Type

The first step in the user registration process is the selection of user account type that you want to establish. SMARTS currently allows three types of User accounts. They are: Legally Resp review the definitions of LRP, DEP and AS User account types before making a selection.  
[Construction User Account Definitions](#)   [Industrial User Account Definitions](#)

Please select one of the following:

Discharger, Operator, Legally Responsible Person (LRP) or Principal Signatory per 40 CFR 122.22.

Duly Authorized Representative(DAR) or Approved Signatory (AS).

Data Entry Person (DEP) or CBPELSG QSD.

If you have any questions or for further assistance, please contact SMARTS Help Desk at: 1-866-563-3107 Monday thru Friday 8:00AM - 5:00PM, or email [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov)

[Back to Previous Step](#)   [Continue to Next Step](#)

- If the User Account type selected is LRP, you will be asked whether you are creating a record for a business not registered in SMARTS, or if you are replacing an LRP for an existing business.

NOTE: If you are replacing a current LRP, you will need a Secret Code Number (SCN) to register in SMARTS. Contact the SMARTS Help Center at [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov) or 1-866-563-3107 for assistance.

*Water Boards Storm Water Multiple Application & Report Tracking System*

### NEW USER REGISTRATION Select LRP Type

Please select one of the following:

I am not associated with any organizations or businesses currently registered in the SMART System and would like to create a new record.

I am replacing an LRP for an existing organization or business registered in SMARTS with active WDID numbers. I have a Secret Code Number(SCN) issued by the State Water Resource Control Board.

If you have any questions or for further assistance, please contact SMARTS Help Desk at: 1-866-563-3107 Monday thru Friday 8:00AM - 5:00PM, or email [smarts@waterboards.ca.gov](mailto:smarts@waterboards.ca.gov).

[Back to Previous Step](#)   [Continue to Next Step](#)

- A form corresponding to the user responsibility will appear. You will be asked to provide your User Account details. The User ID along with a Password will be sent to the e-mail address entered in the form. You will need this User ID and Password to log into SMARTS. **Please verify that the e-mail address is valid and accurate.**

NOTE: All fields with a red asterisk (\*) are mandatory.

**NEW USER REGISTRATION**  
**Step 2/3: User Account Details**

**Legally Responsible Person: Enter User Account Details**

The next step in the registration process is to provide your user account details. The User ID along with a Password will be sent to the e-mail address entered below. You will need this User ID and Password to log into SMARTS. Please verify that the e-mail address is valid and accurate.

**User Account Details: (An \* indicates a required field)**

First Name:  \*

Middle Name:

Last Name:  \*

Title:  \*

E - mail:  \* (abc@xyz.com/abc@xyz.net)

Re - Enter E - mail:  \* (abc@xyz.com/abc@xyz.net)

Phone:  \* Ext:  \* (999-999-9999)

User ID:  \*  The User Id is available (Enter user ID between 7 - 16 characters. Use the button to verify if the user ID is already taken.)

Password:  System will generate the password and send you via E-mail.

**Business/Agency Details:**

Business Type:

Business Name:  \* (Do Not use Abbreviations, use Legal Business Name)

Business Address:  USA Address  International Address ?

Street Address:  \* (Enter PO Box in Street Address field.)

Address Line 2:

City, State & Zip:  \*  \* Zip:  \*

Country:

Federal Tax Id:  \* (99-9999999)

- You will be asked to provide your User Account security details. Please choose the security questions, enter the respective answers and complete the form. When you are done, click "Continue to Complete Registration."

**Identification Verification Security Questions:**

Please select and answer the Identification Verification Security questions below. These questions will be asked in the event you misplace your password.

Security question:  \*

Answer:  \*

Personal Identification Code:  \*

The Personal Identification Code is a set of numbers or letters used to authenticate the user when contacting the Water Boards regarding your SMARTS account. Once set, the PIC cannot be changed or retrieved. If a user forgets their PIC, a new user account must be created.

**Server Security Letters:**

**HJEXPR**  \* Security Image Letters are not case sensitive

I certify under penalty of law that this document and all attachments were prepared under the direction or supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

I am also aware that my user ID, password and answer to a security question constitute my electronic signature and any information I indicate I am electronically certifying contains my signature. I understand that my electronic signature is the legal equivalent of my handwritten signature. I certify that I have not violated any term in my Electronic Signature Agreement and that I am otherwise without any reason to believe that the confidentiality of my password and challenge question answers have been compromised now or at any time prior to this submission. I understand that this attestation of fact pertains to the implementation, oversight, and enforcement of a federal environmental program and must be true to the best of my knowledge.

\* Fields preceded by red asterisk (" \* ") are mandatory/required fields.

If you have any questions or for further assistance, please contact SMARTS Help Desk at: 1-866-563-3107 Monday thru Friday 8:00AM - 5:00PM, or email stormwater@waterboards.ca.gov

- Print the Electronic Authorization (eAuthorization) Form, sign with blue ink, and send the hardcopy to the State Water Board. If the eAuthorization Form is not received within 60 days, your account will be **deactivated**. In order to certify and submit any reports to SMARTS, the eAuthorization Form must be received. LRP and DARs must have eAuthorization Forms signed by the appropriate LRP or DAR who will be certifying and submitting information to the State Water Board for an account.

*Water Boards Storm Water Multiple Application & Report Tracking System*

**NEW USER REGISTRATION  
Step 3/3: Acknowledgement**

**Acknowledgement**

This completes your user registration process: Your user account has been successfully created in SMARTS.

Your User ID, Password, and instructions for logging into SMARTS have been sent to you via e-mail.  
Please check your e-mail account and log into SMARTS using the User ID and Password provided.  
If the e-mail is not received within a reasonable amount of time, please contact the Storm Water Help Desk at the phone number provided below.

To log into SMARTS, enter the following address into your browser or click on the link: <https://smarts.waterboards.ca.gov/>

Please print the e-Authorization Form, sign and send it to state Water Board. If the e-Authorization Form is not received within 60 days your account will be deactivated. In order to certify and submit any reports to SMARTS, the e-Authorization form must be received.

[Print E Authorization Form](#) 

If you have any questions or for further assistance, please contact SMARTS Help Desk at: 1-866-563-3107 Monday thru Friday 8:00AM - 5:00PM, or email [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov).

7. If you are registering as an LRP, you must print, sign, and send the form to the address below:

**Regular mail:**

State Water Board  
Division of Water Quality  
Attn: SMARTS Registration  
P.O. Box 1977  
Sacramento, CA 95812

**Express Mail (overnight):**

State Water Board  
Division of Water Quality  
Attn: SMARTS Registration  
1001 I Street - 15th Floor  
Sacramento, CA 95814

### 3.0 RECERTIFICATION OF APPLICATION

New Dischargers registering for NOI coverage under the IGP shall certify and submit Permit Registration Documents (PRDs) via SMARTS at least seven (7) days prior to commencement of industrial activities. The PRDs required for submittal through SMARTS are a certified NOI, an uploaded SWPPP, an uploaded Site Map, an application fee, and an Electronic Authorization Form, signed by the LRP and sent by mail.

Site may have recently been inspected by the Regional Board staff, and an application has been created with preliminary information about the site, to ease the burden the applicant's burden in creating a new application. Perform the following steps to claim the existing application in order to complete, and certify/submit the documentation.

1. Log into SMARTS with your Legal Responsible Person (LRP) UserID at:  
<https://smarts.waterboards.ca.gov>

2. Click on the Recertification link at the bottom, follow by the (Re)Certification and Claim Individual Application(s). Enter in the provided WDID and SCN from the Regional Board staff's letter.

### 3. Update Operator (Owner) Contact information.

5. New Discharger Determination for facilities **not directly discharging to an impaired water body**: New Dischargers applying for NOI coverage under this General Permit are required to select the industrial pollutants present at the facility from their watershed. If this describes your facility, skip step 7-8 below.
6. “List of identified pollutants within the impaired watershed”
  - a. Select “Yes” for all industrial pollutants that are “Present at the Facility”. (Note: Dischargers are required to monitor for these pollutants in Section XI.B.6.e of the IGP).
  - b. Then select “No” under the “New Facility Determination” (see arrow below)

Receiving Water Information

Name of the receiving water:

Does your facility's storm water flow directly or indirectly into waters of the US such as river, lake, ocean, etc?
  Indirectly to waters of the US  
 Directly to waters of the US (e.g. river, lake, creek, stream, bay, ocean, etc)

List of identified pollutants within the impaired watershed. Please mark if the pollutant(s) are present at the facility.

Parameter	Pollutant	Present at Facility?
Chloride	Chloride	<a href="#">Yes</a>
Dissolved Oxygen.	Low Dissolved Oxygen	<a href="#">Yes</a>
E.Coli and Enterococcus	Fecal Coliform	<a href="#">Yes</a>
E.Coli and Enterococcus	Enterococcus	<a href="#">Yes</a>
E.Coli and Enterococcus	Escherichia coli (E. coli)	<a href="#">Yes</a>
Nitrate, Nitrite and total Nitrogen.	Nitrate	<a href="#">Yes</a>
Sodium	Sodium	<a href="#">Yes</a>
Temperature	Temperature, water	<a href="#">Yes</a>

New Facility Determination

Does the facility discharge directly to an impaired water body or discharge through an MS4 system that directly discharges to an impaired water body? No

7. New Discharger Determination for facilities **that are directly discharging to an impaired water body**: New Dischargers applying for NOI coverage under this General Permit that will be directly discharging to a water body with a 303(d) listed impairment or through an MS4 that directly discharges to an impaired water body are ineligible for coverage unless the Discharger submits data and/or information, prepared by a QISP. See Section VII.B and Appendix 3 of the IGP.

8. "List of identified pollutants within the impaired watershed"
  - a. Select "Yes" for all industrial pollutants that are in the impaired receiving water under the "Present at the Facility" column. (Note: Dischargers are required to monitor for these pollutants in Section XI.B.6.e of the IGP).
  - b. Then select "Yes" under the "New Facility Determination"

**Receiving Water Information**

Name of the receiving water:  \*

Does your facility's storm water flow directly or indirectly into waters of the US such as river, lake, ocean, etc?  Indirectly to waters of the US  Directly to waters of the US (e.g. river, lake, creek, stream, bay, ocean, etc)

List of identified pollutants within the impaired watershed. Please mark if the pollutant(s) are present at the facility.

Parameter	Pollutant	Present at Facility?
Chloride	Chloride	<a href="#">Yes</a>
Dissolved Oxygen.	Low Dissolved Oxygen	<a href="#">Yes</a>
E.Coli and Enterococcus	Fecal Coliform	<a href="#">Yes</a>
E.Coli and Enterococcus	Enterococcus	<a href="#">Yes</a>
E.Coli and Enterococcus	Escherichia coli (E. coli)	<a href="#">Yes</a>
Nitrate, Nitrite and total Nitrogen.	Nitrate	<a href="#">Yes</a>
Sodium	Sodium	<a href="#">Yes</a>
Temperature	Temperature, water	<a href="#">Yes</a>

**New Facility Determination**

Does the facility discharge directly to an impaired water body or discharge through an MS4 system that directly discharges to an impaired water body?  \*

Did discharges from the site commence prior August 13, 1979? **A**

Are discharges from the site defined as a New Source by 40 CFR 122.29? **B**

Did the site have a prior NPDES permit coverage for these discharges? **C**

The QISP has prepared a document that demonstrates the facility meets one or more criteria for discharging to a waterbody with a 303(d) listed impairment as described in Section VII.B of the General Permit and is eligible for permit coverage?

Fields marked with \* are mandatory fields.

Direct Discharges: Select "Yes" *only* for the industrial pollutants related to this water body for industrial pollutants that may be present at the facility.

Select "Yes" if the facility directly discharges to an impaired water body

You are considered a New Discharger and a QISP is required **IF one or more** if "No" is selected for A-C as follows:  
 A: "No"  
 B: "No"  
 C: "No"

If **A, B or C** have been selected that qualifies the Dischargers as a New Discharger, a QISP demonstration is required, Select "Yes" upload the document as "Supporting Documentation". If the Dischargers is not a New Discharger Select "No"

9. Enter the billing information (Once the proper WDID number is assigned, this tab will also show the status and history of annual invoices).

Temperature	Temperature, water	<input type="text" value="Yes"/>

**New Facility Determination**

Does the facility discharge directly to an impaired water body or discharge through an MS4 system that directly discharges to an impaired water body?

Did discharges from the site commence prior August 13, 1979?

Are discharges from the site defined as a New Source by 40 CFR 122.29?

Did the site have a prior NPDES permit coverage for these discharges?

The QISP has prepared a document that demonstrates the facility meets one or more criteria for discharging to a waterbody with a 303(d) listed impairment as described in Section VII.B of the General Permit and is eligible for permit coverage?

Fields marked with \* are mandatory fields.

Direct Discharges: Select "Yes" *only* for the industrial pollutants related to this water body for industrial pollutants that may be present at the facility.

Select "Yes" if the facility directly discharges to an impaired water body

You are considered a New Discharger and a QISP is required **IF** one or more if "No" is selected for A-C as follows:  
A: "No"  
B: "No"  
C: "No"

If A, B or C have been selected that qualifies the Dischargers as a New Discharger, a QISP demonstration is required, Select "Yes" upload the document as "Supporting Documentation". If the Dischargers is not a New Discharger Select "No"

22. Enter the billing information (Once the WDID number is assigned, this tab will also show the status and history of annual invoices).

Facility Operator Information Populate Contact Info:

## 6.0 NOTICE OF NON-APPLICABILITY (NONA)

This General Permit allows industrial facilities to submit a Technical Report in the SMARTS system claiming either they have designed their facility to contain storm water so that there is no discharge of storm water to Waters of the United States or their facility is not hydrologically connected to Waters of the United States. The No Discharge Technical Report shall be signed (wet signature and license number) by a California licensed Professional Engineer. Entities who are claiming “No Discharge” through the NONA shall meet the following eligibility requirements in Section XX.C of the IGP.

The NONA is submitted through SMARTS and it is intended to show that the General Permit requirements do not apply to the facility. An eAuthorization form is required in order to submit a NONA. A technical report must be submitted if the facility claims no discharge to Waters of the United States. Follow these steps to submit a NONA:

1. To Start a New NONA, go to the “Select Program to Access” list and click “Industrial General Permit.” Under the Industrial Permit Menu, select “New Application” and “Industrial Notice of Non-Applicability.”

2. Enter all required Operator Information:

Operator Info	Facility Info	Addl. Facility Info	Attachments	Certification	Print	Status History	Linked Users
Facility Operator Information Populate Contact Info: Select							
Owner Name:	Test Owner Company *2			Contact First Name:	Storm

Please click on "Upload Attachment" button to upload the corresponding files. **Upload Attachment**

Attached files: The following are the current documents related to the NOI. Click on the Attachment ID to view them.

**Select No Discharge Technical Report**

Please provide the following details to upload the corresponding files.

Attachment File Type *	Attachment Title *	File Description	Parts *	Document Date	File Name
No Discharge Technical Report			Part 1 of 1		Browse...
[SELECT]			Part 1 of 1		Browse...

Upload File

- File size should be less than 75MB. Those greater than 75MB will not be uploaded. MS Office, PDF, and Picture files are accepted. (PDF is recommended)  
 - Fields marked with \* are mandatory fields.  
 - Please be advised that preliminary tests of the upload function suggest that large files could take a long time to upload. Our estimated upload times for a FAST connection is as follows:

File Size	Estimated Time
5 MB	3 - 5 min.
25 MB	15 - 20 min.
75 MB (max size)	25 - 30 min.

Attached files: The following are the current documents related to the NOI. Click on the link to view them.

No discharge Technical Report is a collection of files from the registered Engineer and Geologist:

- a. Soil percolation test.
- b. Basin’s design and its capacity to hold the largest rain events recorded for that region, back-to-back, in 24-hours periods.

## 6. NONA Submittal and Certification

- a. Only the LRP can certify the NONA.

NOTE: No Fee is required and ID is automatically assigned on submittal.

**Certification & Submission Checklist:**

Read and check the boxes next to each certification statement:

\* I certify under penalty of law that this document and all attachments are true, accurate, and complete. I am aware that there are criminal penalties for providing false information, and I understand that I may be subject to imprisonment for knowing violations.

\* I am also aware that my user ID and password constitute my electronic signature. I understand that my electronic signature is the legal equivalent of my handwritten signature. I further certify that I will protect my electronic signature and will not disclose it to anyone else. If I suspect that my electronic signature has been compromised, I will notify the agency within 30 business days of discovery, if I suspect that my electronic signature has been compromised.

**Certified By:**

Certifier Name: Storm Water Admin  
 Certifier Title: Owner

Please enter your password and answer to the security question before certifying.

What city were you born?

Please enter your password

The electronic "Notice of Intent" has been successfully received by the State Water Resources Control Board's database. follows:

<b>SWRCB Application No.</b>	SA437043
<b>Permit Type</b>	Industrial
<b>Submission/Certify Date</b>	01/13/2015
<b>Certifier Name</b>	Storm Water Admin
<b>Certifier Title</b>	Owner

Please print out this screen as proof of certification. If you need to correct any information, please contact the Regional Board. All records must be retained for 5 years from the date of the report or monitoring activity.

## 7.0 UPLOADING AN UPDATED SWPPP AND/OR FACILITY SITE MAP

To update your SMARTS permit documents, such as the Storm Water Pollution Prevention Plan (SWPPP) and/or Facility Site Map, follow the instructions below:

1. To login into SMARTS, open Internet Explorer and visit: <https://smarts.waterboards.ca.gov/>
2. Enter your User ID and password.

3. Once into SMARTS select: “Industrial General Permit”; then “Active NOIs”; then the NOI for which you plan to upload the SWPPP and Site Map.

Application ID WDID	Application Ty
427883	Industrial
5S34I023656	

- Select the Attachments tab and click "Upload Attachment."

- Please click on "Upload Attachment" button to upload the corresponding files. Attached files: The following are the current documents related to the NOI. Click on the Attachment ID to view them. Facility Site Map and type, click "Upload File."

Attachment File Type *	Attachment Title *	File Description	Parts *	Document Date
[SELECT]			Part 1 of 1	

File Size	Estimated Time
5 MB	3 - 5 min.
25 MB	15 - 20 min.
75 MB (max size)	25 - 30 min.

- To verify that the SWPPP and Site Map have been uploaded under the correct file type, return to the Attachments tab and find your files in the "Attached files" list with the File Types "SWPPP" and "Facility/Site Map," respectively. Clicking on the Attachment ID will open the file.

**NOTE:** The SWPPP and Site Map must be attached in separate files in order to be in compliance with the IGP.

## 8.0 LINKING USER ACCOUNTS

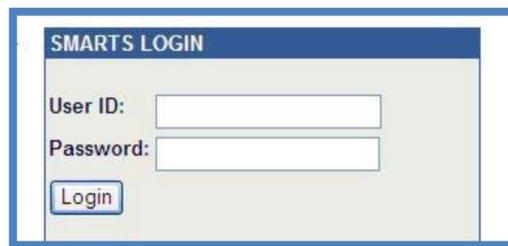

SMARTS was built to allow the LRP to link additional users to assist the LRP in managing new and existing Permit Registration Documents (PRDs). LRPs can link any number of Duly Authorized Representatives (DAR)/Approved Signatory (AS) and/or Data Entry Persons (DEP) to their account. The initial LRP can also link up to two back up LRPs per Organization. SMARTS allows an LRP to have multiple Organizations under one User ID therefore allowing additional flexibility when linking Duly Authorized Representatives/Approved Signatory, or Data Entry Persons to different Organizations.

An LRP with multiple Organizations can link DARs/AS or DEPs to one, some, or all Organizations. Once the DAR/AS and/or DEP are linked, they can begin initiating new PRDs for the LRP.

Since each Organization can have one or more WDIDs associated, SMARTS allows the LRP to link the DARs or DEPs to one, some, or all WDIDs. Once linked, the DARs or DEPs can view and edit PRDs.

DARs have the authorization to certify and submit reports on behalf of the LRP (DEPs do not). DARs can also link DEPs but cannot link other DARs to an Organization or WDID. Follow the steps below for linking user accounts:

1. Log into SMARTS:
  - a. Open <https://smarts.waterboards.ca.gov/>
  - b. Enter your User ID & password.

- c. After logging in, select the menu item "Manage Linked Users"

NOTE: DARs/AS must be currently linked to an LRP in order to link DEPs. DARs cannot link other DARs/AS. DEPs do not have this option.

2. To link new users to an Organization, select "Link New User."

- a. Step 1 - Enter the User ID of the individual you want to link and then click “Go to Step 2.”

NOTE: The User ID is case sensitive.

NOTE: If you are a Duly Authorized Representative trying to link other users, you must first be linked to a facility WDID.

- b. Step 2 - Review User Account Details to verify the correct User ID was entered, then click “Go to Step 3.”

NOTE: There may be duplicate Organizations listed in the drop down (unfortunately, this is due to our previous database structure). Each Organization record may have different WDID number(s) associated.

NOTE: Only an LRP can assign the LRP Role to a User(s). Duly authorized Representatives can only assign Data Entry Person role.

- c. Step 3 - Select an Application or WDID Number(s) to Link to the User and click “Link Application”.

**Manage Linked User**

**Step 3 of 4: Select Application(s) to Link to Steve Smith for the organization:**

Application ID	WDID	Operator And Address
Application / WDID: Select		

- i. SMARTS will add the Application ID/WDID(s) to the table.

**Manage Linked User**

**Step 3 of 4: Select Application(s) to Link to Steve Smith for the organization: Test Owner Company**

Application ID	WDID	Operator And Address	Facility And Address	Role	Update	Delink
408828	8 30C360043	Test Owner Company 10011 Street Sacramento CA 95814	Proposed Elementary School 1001 I Beaumont CA 92223	Data Entry Person	Update	Delink

NOTE: If you linked the Application or WDID number in error, click “Delink” on the right side of the list to remove the record.

- ii. To link all application or WDID numbers at once, click “Link All Applications.”
- iii. Once all applicable application(s) are added, click “Go to Step 4.”

**Manage Linked User**

**Step 3 of 4: Select Application(s) to Link to Steve Smith for the organization: Test Owner Company**

Application ID	WDID	Operator And Address	Facility And Address
408828	8 30C360043	Test Owner Company 1001 I Street Sacramento CA 95814	Proposed Elementary School 1001 I Be CA 92223

- d. Step 4 - Select Yes or No to link the user to any future applications started for this Organization.

NOTE:

“Yes” = system will automatically link the user to any new Notice of Intent applications started in the future.

“No” = user is only linked to the applications specified in Step 3. The user will not have access to any future applications started.

- i. If you have multiple Organization records to link, click “Add Another Organization” and repeat Step 2 through Step 4.
- ii. When finished linking the user to existing records, click “Complete Linking User.” The user will now appear in the list of Managed Linked Users.

## Manage Linked User

Step 4 of 4: Select to automatically link to Steve Smith to any future applications.

Link All Future applications?	Organization Id	Organization Name

The page at <https://water24.waterboards.ca.gov> says:

Would you like to add this parameter to all reports associated with WDID above?

OK Cancel

8. Parameter Entry Tool - The Parameter Entry Tool (PETI) allows Dischargers with many sampling points to enter their results into a spreadsheet and upload the results to SMARTS instead of the manual data entry in the "Raw Data" tab.

The screenshot shows a web interface with a navigation bar at the top containing tabs: General Info, Mon Locs, Raw Data, PET (highlighted in green), Data Summary, Attachments, Notes, Certify, Status History, and Back to Report Main.

Below the navigation bar, there are six numbered steps for using the PET tool:

- Step 1. Download and install the **PET Tool** (the text "PET Tool" is enclosed in a red box).
- Step 2. Open the PET tool and enable macros in MS excel.
- Step 3. Fill the General and Data Entry pages. You can use the Lookup codes page to help fill the data entry page
- Step 4. After the required and necessary information is filled on General and Data Entry screens Click on the Create CDF for Upload button
- Step 5. If no data entry errors are present the CDF zip file is created can be saved on local machine.
- Step 6. On this web page, Click Browse, select the CDF zip file created and click 'Upload File' button.

A note follows: "Note: The upload process may take a few minutes depending on the speed of your internet connection and the size of the CDF file. Do not button during the upload process." Save a copy of the CDF zip file for future reference.

Below the instructions is a file upload section with a table header:

File	Description
Choose File No file chosen	

An "Upload" button is located to the right of the table.

At the bottom of the interface, there is an "Attachment" table header and "Back" and "Next" buttons.

- a. Open PET in MS Excel:

The screenshot shows the "Permittee Entry Template (PET) Tool" spreadsheet interface. It contains several input fields and sections:

- Agency Name:** A text input field with a red outline.
- Facility Name:** A text input field with a red outline.
- Order No. (RX-XXXX-XXXX):** A text input field with a red outline.
- Reporting Period Start Date:** A date input field with a red outline.
- Data Entered By:** A text input field with a blue outline, containing the text "test".
- QA Performed By:** A text input field with a blue outline.
- Analytical Lab Contact Information:** A table with three columns: Name, Location, and Contact & Phone Number. All cells have blue outlines.
- Additional Notes:** A large text area with a blue outline.
- Create CDF for Upload:** A button with a blue outline.

A key is provided on the right side: "Key: Red Outline = Required, Blue Outline = Optional".

At the bottom left, it says "Version 4.0 draft".

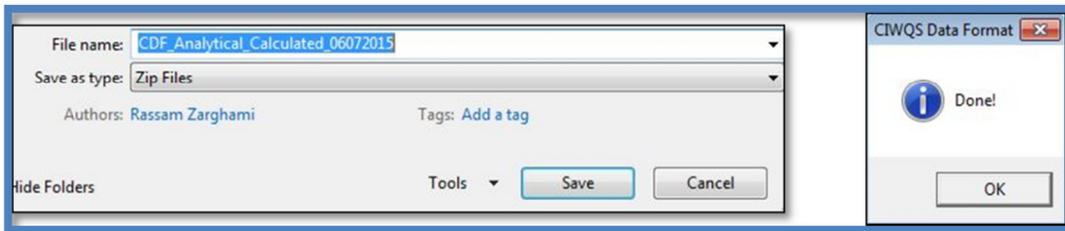

b. Select Data Entry Tab:

	A	B	C	E	F	G	H	L	M	N	O
	Monitoring Point	Parameter	Data Type	Analytical Method	Sample Date	Sample Time	Analyzed By	Analysis Date	Qualifier	Result	Units
1	Test Internal 2	Zinc, Total	Single	Volatile Organic Compounds by GC/MS [SW8260B]	12/14/2014	10:23	Self	12/15/2014	=	2	ug/L
2	Test Internal Monitoring	Chlorate	Single	Inorganic Anions by Ion Chromatography [E300.0]	4/6/2015	9:34	Lab	4/6/2015	<	4	mg/L
3											
4											

c. When finished go to General tab to create a CDF for Upload.

d. Save zip file to computer.

e. During save, system will validate data content.

f. Correct Errors in Excel spreadsheet and re-upload.

g. Discharger to complete Raw Data Entry:

Sample ID	Monitoring Location Name	Sample Date	Sample Time	% of Total Discharge	Discharge Start Date	Discharge Start Time
2115208	Test11	04/01/2015	12:00	2	04/01/2015	12:00
2115209	Test11	04/01/2015	12:00	5	04/01/2015	12:00
2115211	Test11	12/14/2014	10:23	20	12/14/2014	04:00
2115216	Creek1	04/06/2015	09:34			
2115217	Creek1	12/14/2014	10:23			
2115218	ARV	12/14/2014	10:23			
2115219	ARV	04/06/2015	09:34			

9. Discharger to complete Raw Data Entry:
  - a. Cannot delete PET data from "Data Summary tab".
  - b. Must delete PET file and re-upload corrected data.

## Annual Report

The Discharger is required to certify and submit via SMARTS an Annual Report no later than July 15<sup>th</sup> of each Reporting Year. This Annual Report consists of a compliance checklist, an explanation of any non-compliance of requirements within the reporting year, an identification all revisions (and page numbers) made to the SWPPP within the reporting year, and the date(s) of the Annual Evaluation. See Section XVI of the IGP for more information. The first electronic Annual Report for the IGP is due July 15, 2016. The Annual Report is currently being programmed in SMARTS and when it is available, guidance on completing this report will be added to this help guide.

## 10.0 FREQUENTLY ASKED QUESTIONS\*

\*The frequently asked questions are intended solely as guidance. This document is not intended to implement, interpret, or make specific any regulations or to create any new substantive or procedural requirements. This document is not intended, nor can it be relied on, to create any rights enforceable by any party in litigation with the State Water Quality Control Boards or the Regional Water Quality Control Boards. In the case of any conflict with existing statutes, regulations, or orders, the actual statute, regulation or order governs. This guidance may be revised at any time without public notice.

### A. General

#### 1. How do I know if I need coverage under the Industrial General Permit (Order 2014-0057-DWQ)?

A broad range of industrial facilities are required to obtain permit coverage per federal regulations. Facilities that must obtain permit coverage include manufacturing facilities, mining operations, disposal sites, recycling yards, transportation facilities, and other industrial facilities. See Attachment A of the [Industrial Storm Water General Permit](#) (IGP) for a complete list of facilities that are required to obtain coverage. [Click here](#) to view a list of the Standard Industrial Classification (SIC) codes that may be required to obtain coverage under the IGP. The Regional Water Boards are also authorized to designate facilities that must obtain coverage under the Industrial General Permit (see details in Section XIX.F of the IGP).

#### 2. Who must apply?

All Dischargers that operate facilities that are described in Attachment A of the IGP or are designated by the Regional Water Board are required to submit either a new IGP application, referred to as a Notice of Intent (NOI), or a No Exposure Certification (NEC) certifying that no industrial pollutants associated with their industry are exposed to storm water. The NOI must be submitted to the State Water Board by August 14, 2015 (or at least seven days prior to commencing the industrial activity operations, whichever is later, for new dischargers), and shall comply with the Permit Registration Document (PRD) requirements in the IGP. The NEC must be submitted by October 1, 2015 (or at least seven days prior to commencement of industrial activities, whichever is later, for new dischargers).

The Discharger, which is defined in Attachment C of the Industrial General Permit, must submit an NOI for each industrial facility that is required by the federal regulations to obtain a storm water permit. The required industrial facilities are listed in Attachment A of the [IGP](#) and are also defined in 40 Code of Federal Regulations Section 122.26(b)(14). The facility operator is typically the owner of the business or operation where the industrial activities requiring a storm water permit occur. The facility operator may be responsible for all permit related activities at the facility. Where operations have discontinued and significant materials remain on site (such as closed landfills), the landowner may be responsible for filing an NOI and complying with the IGP. Landowners may also file an NOI for a facility if the landowner, rather than the facility operator, is responsible for compliance with the IGP.

#### 3. Who is not required to submit a Notice of Intent (NOI) or a No Exposure Certification (NEC)?

Dischargers that operate facilities described below are not required to file for new IGP coverage unless the facilities have been designated by the Regional Water Board:

- a. Facilities that are not described in Attachment A;

- b. Facilities that are described in Attachment A but do not have discharges of storm water associated with industrial activity to waters of the United States (see details in Section XX.C. of the IGP); or,
- c. Facilities that are already covered by another National Pollutant Discharge Elimination System (NPDES) permit for discharges of storm water associated with industrial activity.

**4. How do I file a new NOI or NEC?**

File the NOI or NEC through [SMARTS](#). Only a Legally Responsible Person can certify and submit the NOI application or NEC certification.

**5. What is required to file a new NOI?**

- a. A completed NOI application
- b. A site map (See details in Section X.E of the IGP)
- c. A Storm Water Pollution Prevention Plan (See details in Section X of the IGP)
- d. A signed Electronic Authorization Form.

**6. What is required to file a new NEC?**

- a. NEC Application/NEC Checklist
- b. Site Map (See details in Section X.E of the IGP)

**7. Electronic Authorization Form.**

**What is the IGP application fee?**

- a. The NOI application fee is subjected to change yearly.
- b. The NEC application fee is \$200
- c. Checks should be made payable to: SWRCB

**Note: The Current Fee Schedule can be viewed [here](#)**

**8. What are the timelines for IGP applications and renewals?**

Facility operators of existing facilities under the 1997 IGP (State Water Board Order 97-03-DWQ) must recertify their NOI in accordance with the new IGP (State Water Board Order 2014-0057-DWQ) on or by August 14, 2015.

Facility operators of new facilities (facilities beginning operations after July 1, 2015) must file an NOI in accordance with these instructions at least seven days prior to the beginning of operations or by August 14, 2015, whichever is later.

Once the completed NOI, site map, and appropriate new IGP fee have been submitted to the State Water Board, the NOI will be processed and the applicant will be issued a Waste Discharge Identification (WDID) Number. Please refer to this number when you contact either the [State Water Board](#) or a [Regional Water Quality Control Boards \(RWQCB\)](#).

NEC certifications must be submitted by October 1, 2015 (or for new dischargers, at least seven days prior to commencement of industrial activities or October 1, 2015, whichever is later.)

**9. I have coverage under the expiring 1997 IGP (State Water Board Order 97-03-DWQ). How do I re-apply for coverage under the new IGP?**

Dischargers with an active WDID Number under the 97-03-DWQ Order must recertify their Notice of Intent through the Storm Water Multiple Application and Report Tracking System (also referred to as the SMARTS database). To recertify the Discharger must have a Secret Code Number generated by the State Water Board.

**10. Where do I get the Secret Code Number?**

Contact the State Water Board at (866) 563-3107 or [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov) to obtain the Secret Code Number if you cannot locate the Secret Code Number previously mailed by the State Water Board.

**11. What is the annual compliance fee?**

The annual fee is the same as the IGP application fee. The annual fee is paid annually and is on the billing cycle of when the IGP application was processed (the Discharger received a Waste Discharge Identification Number - WDID) and maintains regulatory coverage under the new IGP. The amount of the annual fee is the same as the application fee submitted with the NOI or NEC.

**12. How long is my coverage under the new IGP in effect?**

Your coverage under the IGP is in effect until you submit a valid Notice of Termination (NOT) through the Storm Water Multiple Application and Report Tracking System or until Order 2014-0057-DWQ expires (without being administratively extended) or is superseded. The [Regional Water Quality Control Boards \(RWQCB\)](#) however, may deny the NOT if the NOT is considered invalid.

**13. How can I avoid the most common mistakes made in applying for the new IGP?**

Make sure the Legally Responsible Person mails in the original signed Electronic Authorization Form and correct application fee amount.

**14. What are the regulations that apply to the new IGP? Where can I get copies?**

The [new IGP](#) is available from the [State Water Board's website at www.waterboards.ca.gov](http://www.waterboards.ca.gov). The federal Clean Water Act is available [here](#).

**15. How do I transfer the WDID number to a new owner or operator?**

The WDID number is not transferrable to a new owner or operator. The previous owner or operator must file a Notice of Termination and the new owner or operator must file a new NOI to obtain a new WDID number.

**16. The Legally Responsible Person (LRP) is no longer with the company or agency. How does the new LRP gain access to the NOI records?**

Contact the State Water Board at (866) 563-3107 or [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov) to request a change of the LRP. The new LRP must create a new User ID and enter the Secret Code Number generated by the State Water Board to certify and claim all existing applications.

**17. What if I have further questions?**

If you have any questions or need assistance completing the NOI or NEC, please call the appropriate [Regional Water Quality Control Board](#) or the [State Water Board](#) at (866) 563-3107 or [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov).

**B. SIC Codes**

**1. What is an “auxiliary” function? Do auxiliary facilities need permit coverage?**

Please read IGP [Fact Sheet](#) Page 9-11.

## 2. I need to enter by SIC code in SMARTS. What is a SIC code?

You can watch the video on SIC codes here: [https://www.youtube.com/watch?v=cTM\\_P2gwJMs](https://www.youtube.com/watch?v=cTM_P2gwJMs)

The SIC Code manual is available online at: [https://www.osha.gov/pls/imis/sic\\_manual.html](https://www.osha.gov/pls/imis/sic_manual.html)

A list of SIC codes that may be regulated under the IGP can be found here: [http://www.waterboards.ca.gov/water\\_issues/programs/stormwater/sicnum.shtml](http://www.waterboards.ca.gov/water_issues/programs/stormwater/sicnum.shtml)

## C. SMARTS

### 1. What are the SMARTs Deadlines?

For the complete PRD requirements, see Section II. Receiving General Permit Coverage in the new IGP order.

Existing Dischargers with an NOI under the 1997 IGP – recertify NOI by August 14, 2015 with the site map and SWPPP.

New NOI/New Operation – submit and NOI seven days prior to commencing the industrial activity operations (along with required PRDs) or by August 14, 2015, whichever is later.

NEC – for existing facilities obtaining NEC coverage – October 1, 2015 (along with required PRDs).

NEC – for a new facility the meets the NEC criteria - seven days prior to commencing industrial activity operations (along with required PRDs) or by October 1, 2015, whichever is later.

NONA – upon request by the Regional Water Board or when the Discharger decides to submit a NONA. For a NONA asserting no discharge to a Waters of the United States, the Discharger is required to meet the no discharge criteria in the new IGP on July 1, 2015 and must either obtain coverage under the new IGP or submit a NONA technical report signed by a California licensed professional engineer when requested by the Regional Water Board.

Annual Report – July 15 of the reporting year (starting July 2016)

Sampling results – 30 days after receiving the results from the analytical laboratory

### 2. To enroll under the new IGP, what do Dischargers need to do to recertify their Notice of Intent (NOI) in SMARTS? What information is needed to recertify an NOI? Is there an opportunity to make changes to the NOI as part of the recertification?

- a. Recertify existing WDID Numbers/Existing NOI
  - i. Things you will need:
  - ii. Access to the internet
  - iii. SMARTS Legally Responsible Person (LRP) User Account
  - iv. WDID Number
  - v. Secret Code Number (SCN)
  - vi. Storm Water Pollution Plan (SWPPP)
  - vii. Facility Site Map
- b. New WDID Numbers/new NOI
  - i. Permit Registration Documents (PRDs):
  - ii. NOI

- iii. SWPPP
  - iv. Site Map
  - v. Application Fee
  - vi. Electronic Authorization Form
  - vii. NOTE: PRDs are required to be submitted in SMARTS
- c. Dischargers are allowed to update information during recertification and Dischargers enter the information when they apply for a new WDID/application.

**3. When will the Annual Report be available in SMARTS?**

The first electronic Annual Report due in SMARTS for the new IGP is July 15, 2016. The State Water Board will have this Annual Report available before this due date. The Annual Report under the 1997 IGP must be submitted via SMARTS by or on August 14, 2015.

**4. How do I submit the Annual Report required in the new IGP?**

The Discharger (LRP, DAR, DEP) will login into SMARTS, go to the reporting option, open the applicable Annual Report and answer the questions (yes, no and explanation text). The Discharger will then certify and submit the Annual Report to the Water Board in SMARTS.

**5. If you qualify for an NEC as an existing Discharger, do you need a SWPPP by July 1, 2015?**

Dischargers who file valid NECs in accordance with these instructions are not required to implement Best Available Technology Economically Achievable /Best Conventional Pollutant Control Technology and comply with the SWPPP and monitoring requirements of this General Permit. If you are an existing Discharger, recertify the NOI, then login to SMARTS and switch the NOI to an NEC, certify and ensure that the uploaded site map is correct and uploaded in SMARTS. If the Discharger does not switch the status by August 14, 2015, SMARTS will characterize the site as having an incomplete NOI recertification.

**6. What is the “industrial area exposed to storm water” field for?**

This field is to provide data to the fee unit to explore the possibility of developing tiered fees in the future based upon percentage of industrial area/activity exposed to storm water.

**7. Who can be an LRP?**

Read Section XXI.K of the IGP order.

**8. What samples do I have to report in SMARTS? When are samples required to be entered into SMARTS?**

Dischargers are required to report all samples taken at compliance locations (discharge locations/sampling locations) in SMARTS from storm water discharge events that were collected and analyzed. Samples taken for run-on, and internal “BMP” characterization samples are not required to be entered in SMARTS. SMARTS allows the Discharger to enter other types of samples, if required.

**9. Is the SMARTS storm water analytical sampling data average based equal area contributions?**

No, the average is not based on equal area contributions. SMARTS calculates an arithmetic average based upon the Qualified Storm Event storm water sampling results entered by the Discharger.

**D. SWPPP**

**1. What information is a Discharger required to include on the Site Map uploaded in**

## **SMARTS?**

Section X.E of the new IGP describes the require elements:

### **X.E. Site Map Requirements**

The Discharger may provide the required information on multiple site maps. The Discharger shall prepare a site map that includes notes, legends, a north arrow, and other data as appropriate to ensure the map is clear, legible and understandable.

- a. The facility boundary, storm water drainage areas within the facility boundary, and portions of any drainage area impacted by discharges from surrounding areas. Include the flow direction of each drainage area, on-facility surface water bodies, areas of soil erosion, and location(s) of nearby water bodies (such as rivers, lakes, wetlands, etc.) or municipal storm drain inlets that may receive the facility's industrial storm water discharges and authorized NSWDS;
- b. Locations of storm water collection and conveyance systems, associated discharge locations, and direction of flow. Include any sample locations if different than the identified discharge locations;
- c. Locations and descriptions of structural control measures<sup>11</sup> that affect industrial storm water discharges, authorized NSWDS, and/or run-on;
- d. Identification of all impervious areas of the facility, including paved areas, buildings, covered storage areas, or other roofed structures;  
Locations where materials are directly exposed to precipitation and the locations where identified significant spills or leaks (Section X.G.1.d) have occurred; and
- f. Areas of industrial activity subject to this General Permit. Identify all industrial storage areas and storage tanks, shipping and receiving areas, fueling areas, vehicle and equipment storage/maintenance areas, material handling and processing areas, waste treatment and disposal areas, dust or particulate generating areas, cleaning and material reuse areas, and other areas of industrial activity that may have potential pollutant sources.

## **2. Do I need a QISP to develop my updated SWPPP?**

No. QISP are only required to provide assistance to 1) New Dischargers discharging storm water associated with industrial activity to an impaired water body, 2) Discharges with level 1 ERA status, or 3) Dischargers with Level 2 ERA status.

## **E. Monitoring**

### **1. What if I want to use a different test method than shown in SMARTS?**

You will have to contact the State Water Board storm water unit so we can process the request. General Inquiries: [stormwater@waterboards.ca.gov](mailto:stormwater@waterboards.ca.gov) or Telephone Toll Free - 1-866-563-3107 or Fax - (916) 341-5543.

### **2. How soon are lab results required to be submitted into SMARTS?**

Section XI.B.11: The Discharger shall submit all sampling and analytical results for all individual or Qualified Combined Samples via SMARTS within 30 days of obtaining all results for each sampling event.

## **F. Training**

### **1. We have heard that SWRCB will require that Compliance Group Leaders be Trainers of Record.**

Yes. Section XVI.B.1: A Compliance Group Leader must complete a State Water Board sponsored or approved training program for Compliance Group Leaders. The approved program chosen by the State Water Board was the Trainer of Record training. Compliance Group Leaders are able to begin groups in SMARTS July 1, 2015.

**2. When will the QISP training be done?**

The QISP training is expected to be available the winter of 2015.

**G. Annual Report**

**1. When will monitoring forms for the new IGP be released?**

Since the monitoring data will now be submitted into SMARTS, there are no template forms. Monitoring data is now submitted separate from the Annual Report. Visual observation records are no longer submitted in the Annual Report. Dischargers shall keep records in a manner consistent with the record keeping requirements in Section XXI.J. The analytical monitoring screens in SMARTS will be available July 1, 2015.

**2. We have facilities that are relocating. Do they have to apply for a new permit?**

IGP coverage is tied to a specific facility location. If a facility moves, a new application is required.

**H. NEC**

**1. Will the State Board be developing a NEC checklist?**

Yes, the NEC checklist is available in the SMARTS database.

**I. NONA**

**1. When is the NONA required?**

If a Discharger is eligible for NONA, the facility operator will be either told to submit a NONA report by the Regional Water Board or will submit one in SMARTS voluntarily instead of obtaining IGP coverage.

**2. Where do we send the NONA application and the engineering report? Is it online or hard copy? Do we send a copy to the state or this is just at the regional level?**

The NONA application and technical report must be submitted in SMARTS.

## 11.0 LIST OF ACRONYMS

AdHoc Report	AdHoc Monitoring Report
BMP	Best Management Practices
CBPELSG	California Board for Professional Engineers, Land Surveyors and Geologists
DAR	Duly Authorized Representative
DEP	Data Entry Person
DWQ	Division of Water Quality
ELGs	Effluent Limitations Guidelines and New Source Performance Standards
ERA	Exceedance Response Action
eAuthorization	Electronic Authorization Form
IGP	Industrial General Permit Order: 2014-0057-DWQ
LRP	Legally Responsible Person
NAL	Numeric Action Level
NEC	No Exposure Certification
NEL	Numeric Effluent Limitation
NOI	Notice of Intent
NONA	Notice of Non Applicability
NOT	Notice of Termination
NPDES	National Pollutant Discharge Elimination System
NSWD	Non Storm Water Discharges
PRDs	Permit Registration Documents
QISP	Qualified Industrial Storm water Practitioner
QSE	Qualifying Storm Event
SIC	Standard Industrial Classification
SMARTS	Storm Water Multiple Application and Report Tracking System
SWPPP	Storm Water Pollution Prevention Plan
WDID	Waste Discharge Identification Number
