**SUBJECT: Notification of Category 1 Sanitary Sewer Overflow (SSO) Violations
Eastern Municipal Water District Collection System**

The California Regional Water Quality Board, San Diego Region (Regional Board) has completed a review of Category 1 SSO events in the California Integrated Water Quality System (CIWQS) Online SSO Reporting Database to verify violations of Discharge Prohibitions contained in the State Water Resources Control Board Order No. 2006-0003-DWQ, Statewide Waste Discharge Requirements for Sanitary Sewer Systems. This review covered SSO events certified during the period from November 2007 through June 2010.

Therefore, Category 1 SSO events generally violate the prohibitions. The Regional Board has updated CIWQS records associated with the following certified Category 1 SSO events to show these as violations. CIWQS violation reports are publicly available at

http://www.waterboards.ca.gov/water_issues/programs/ciwqs/publicreports.shtml

CIWQS EVENT ID	CIWQS VIOLATION ID	SSO LOCATION	SSO DATE

Please continue to take steps necessary to ensure that violations of this type do not occur in the future. These violations are subject to possible further enforcement action by the San Diego Water Board, including administrative enforcement orders, administrative assessment of civil liability in amounts up to \$10,000 per day, referral to the State Attorney General for injunctive relief, and referral to the District Attorney for criminal prosecution.
