Subject: Staff Enforcement Letter (SEL) Related to Violations of General Waste Discharge Requirements for Groundwater Extraction Discharges to Surface Waters Within the San Diego Region, Order R9-2015-0013, NPDES No. CAG919003 (General Order)

Country Club / Parker Basin Area Storm Line Infiltration, Coronado, CA

Mr. King:

Attached is a summary of the California Regional Water Quality Control Board, San Diego Region's (San Diego Water Board's) findings regarding the following reports submitted by the City of Coronado (Discharger) pursuant to Order No. R9-2015-0013:

- Monthly self-monitoring reports – March 2018 through May 2018

Please take steps to ensure that the violation(s) noted in the attached violation summary table does not occur in the future. Pursuant to the California Water Code (CWC), the violations noted are subject to additional enforcement action(s) by the San Diego Water Board including a time schedule order, cease and desist order, cleanup and abatement order, imposition of administrative civil liability, referral to the district attorney for criminal prosecution, or referral to the attorney general. Administrative civil liability amounts that may be imposed by the San Diego Water Board under authority of CWC section 13385 include up to \$10,000 per day or up to \$10 per gallon for each gallon of waste discharged.

Pursuant to CWC section 13385(h), certain violations, such as late reporting and deficient monitoring, are subject to mandatory minimum penalties (MMPs) of \$3,000 for each violation. MMPs for late or missing monitoring reports will be assessed for each 30-day period following the deadline for submission until the monitoring report is received by the San Diego Water Board. If no monitoring was conducted, the Discharger must submit a written statement signed under penalty of perjury in accordance with Title 40 of the Code of Federal Regulations (40 CFR) section 122.41(k) and 40 CFR section 122.22(a)(1) stating the following:

- 1) That no monitoring was conducted during the relevant monitoring period;
- 2) The reason(s) the required monitoring was not conducted; *and*
- 3) The reason(s) the required discharge monitoring report was not submitted to the San Diego Water Board by the requisite deadline if the written statement is submitted after the deadline for submitting the monitoring report.

The San Diego Water Board will issue MMP enforcement actions under separate cover.
