**Subject:** Focused Meetings - HMP Workshop  
**Date:** Tuesday, August 07, 2012 8:07:43 AM

---

All

The planning for the HMP Workshop is moving ahead under the direction of Matt Yeager.

The date has been confirmed as August 30, 10am to 3:30pm

The venue has been booked by Sumer Hasenin and will be: 202 C Street, San Diego (about 10 minutes from the airport)

The following panelists/presenters have confirmed their intention to participate:

Derek Bowles, CBEC (<http://www.cbecoeng.com/index.php> )

Eric Stein, SCCWRP

Derek Booth, Stillwater Sciences ([http://www.stillwatersci.com/staff\\_directory\\_bio.php?cat=a-c&id=10](http://www.stillwatersci.com/staff_directory_bio.php?cat=a-c&id=10) )

Eric Berntsen, SWRCB

The agenda will be finalized by early next week.

Arising from yesterday's planning committee call:

There is a presumption that the Regional Board staff that has been attending the Focused Meetings will also attend the HMP Workshop/Focused Meeting? Please confirm.

Finally, if I prepare a page of information regarding the workshop, can we get it out as a Lyris notice this week

Thanks

Richard Boon, Chief  
Orange County Stormwater Program
