Roger,
What is the status of the termination review for WDR 94-07?

Thanks,

Roger,
When will WDR 94-07 be terminated? The operation associated with this WDR has not operated since March 2008 and all plant facilities have been removed. A Notice of Termination for stormwater permit coverage was issued in May 2012.

Thanks,

Hi Steve,

Robert Mitchell is now handling these projects. I'm sure you'll enjoy working with him.

Best regards,
Ben

Ben,
This is a request to terminate WDR 94-07. The operation associated with this WDR has not operated since March 2008 and all plant facilities have been removed. A Notice of Termination for stormwater permit coverage was issued in May 2012 (see attached).

Lehigh Hanson recently became aware we are overdue on a WDR invoice and am in the process of obtaining a check for this invoice.

Thanks,
