**RE: 32625 Holland Road  
Winchester, CA 92596  
Orders No. R9-2007-0042 and No. R9-2008-0130**

To whom it may concern,

This letter serves as a request for the termination of the General Order No R9-2008-0130- *Waste Discharge Requirements for Existing Dairy Animal Feeding Operations in the San Diego Region* held by the former owner, Wesselink LLC, Wesselink Dairy, Riverside County.

The property located at 32625 Holland Rd., Winchester CA 92596, formally known as Wesselink Dairy, was sold at a public auction on 11/06/2014 and was purchased by our company, HansenMcCoy, Inc.. The property was purchased by HansenMcCoy, Inc. for land use on a future development of a residential living project. The land has not been used as a functioning Dairy since our ownership nor will it be used as a dairy facility at any time under our ownership.

At the time of purchase, our company was not familiar with Dairy operation protocol, nor were we aware of any existing or outstanding Orders, Permits and fees pertaining to this Dairy as the sale was conducted by auction versus a traditional escrow. Nothing is disclosed to a buyer when a property goes to Trustee sale and because our company has never purchased dairy land before, we were unaware of any Compliance orders. We were not made aware of these orders and the fee associated with it until we were notified by the San Diego Regional Water Quality Control Board by mail with a letter dated August 7, 2015.

Our current lessee is planning on bringing a total of 200 cattle to the property within the next three to four months through PB Cattle Company. The cattle will be arriving at approximately 50 head of cattle a time over the span of the three to four months. These cattle are Heifers and will be brought onto the property for grazing purposes only.

Because of these circumstances, and the fact that no dairy operations are being conducted or will be conducted at the subject property, we are requesting to enroll under "Conditional Waiver #3" - *Discharges from Animal Operations*.
