Subject: NOW POSTED ! Proposed Errata to Tentative Order R9-2013-0001 & Public Hearing Continuation Notice
Date: Friday, April 19, 2013 4:03:24 PM

This is a message from the California Regional Water Quality Control Board, San Diego Region (9).

The San Diego Water Board has continued the public hearing regarding Tentative Order R9-2013-0001 *National Pollutant Discharge Elimination System (NPDES) Permit and Waste Discharge Requirements for Discharges from the Municipal Separate Storm Sewer Systems (MS4s) Draining the Watersheds within the San Diego Region* (Tentative Order) opened on April 10, 2013 because more time is warranted to discuss proposed changes to the requirements of the Tentative Order.

During the April 10 and 11 hearing, San Diego Water Board staff proposed additional changes to the Tentative Order based on testimony received. The proposed changes summarized by staff on April 11 are presented in Errata Sheet Tentative Order R9-2013-0001 - Option 1, which reflects removal of Provision B.3.c, and Errata Sheet - Tentative Order R9-2013-0001 - Option 2 which reflects specific changes to Provision B.3.c. Otherwise the Errata Sheets are identical.

Also available is the May 8, 2013 Public Hearing Continuation Notice on Tentative Order R9-2013-0001. The Public Hearing Continuation Notice describes the procedural matters set by the San Diego Water Board for the May 8, 2013 continued hearing on Tentative Order R9-2013-0001.

The Errata Sheets and the May 8, 2013 Public Hearing Continuation Notice are now available on the San Diego Water Board website.
