Subject: Administrative Draft Permit Provision E.5 - Existing Development
Date: Thursday, July 19, 2012 5:20:37 PM

Eric,

As part of our Regional efforts to review and prepare for the Administrative Draft Permit Focused Meetings, a small workgroup has been reviewing Provision E.5 - Existing Development in preparation for the August 22 meeting. At the request of this group, I wanted to request a meeting with a few (no more than 3) of us and appropriate SDRWQCB staff to help get some clarity on a few areas and inform our interpretation of this section of the Permit. It is our hope that a better mutual understanding of intent early on will aid in the development of constructive dialogue and feedback at the Focused Meeting on August 22.

Thank you for your consideration of this request, and I look forward to your reply. We are open to coming to the SDRWQCB offices if it is more convenient, otherwise I would be happy to accommodate a meeting venue here in Encinitas.
