Hi Jo Ann-

45 minutes should be fine unless we get many additional presentation requests.

Subject: San Diego County Copermittee Monitoring Presentation at July 25 Focused Meeting

Hi Jo Ann-

We discussed the San Diego County Copermittees' request to give a presentation to the group broken up by topic. We feel the meeting would be better served if the San Diego Copermittees give a comprehensive monitoring presentation at the beginning of the meeting. We have also scheduled time for other stakeholders to give presentations (if requested). The afternoon would

be dedicated to discussing these monitoring proposals and permit requirements.

Please let us know if you need over 30 minutes for your presentation. Thanks.
