Subject: Draft Municipal Permit - Existing development section
Date: Tuesday, August 07, 2012 7:53:02 AM

Hi Eric, Wayne and Laurie,

Thanks for meeting with us last week Laurie and Wayne. We found it very helpful to get your insights on this part of the permit and are working with the rest of our group to prepare for the focused meeting. We are working intensively this week to get the majority of the work done, as we have to report out to the rest of the copermitees. We would like to schedule a follow-up discussion with you, if you are available, for Friday (preferably early afternoon) to cover any loose ends. It would be Ruth Kolb and myself (Erik is out of the office) and we would be happy to meet at your office if more convenient for you.

Are you available to meet? If not at this time, when? Please cc Ruth in your reply so she can advise of her availability.

Thanks again for your help.

Helen
