Subject: WQIP for SMR ~ Designation of San Diego Regional Water Quality Control Board for MS4 Regulation
Attachments: W_Warren_Amndng_10-0033_WDR_R8-2013-0024.pdf;
doc03069520150430111112.pdf

Hello Wayne and Eric,

We discussed in our last SMR TAC meeting about including in the WQIP for Murrieta to be regulated by the San Diego MS4 permit. The email chain below along with the first attachment shows that the SA Water Board is in agreement. A condition of approval for this to happen was for Murrieta to comply with the applicable provisions of the LE/CL TMDL. Please see attached highlighted language on Page 3 of 6, second attachment.

The city is having troubles with current TMDL process and want the flexibility to change the language on page 3 of 6 if necessary. It is possible that the language stays the same and Murrieta just needs to work out an agreement with the Santa Ana Water Board. We are trying to meet with them the second week of May. It is our goal to discuss the city's concerns about the fairness of this matter and come to an agreeable solution. I'm not certain how this will go and but want to point this out in case an exception is needed in the Regional Permit. Murrieta intends to work with Riverside County Flood Control regarding the language in the WQIP that will address the city's concerns and satisfy the SA Water Board. Please let us know if can think of a better way to handle this.

Respectfully,

BILL WOOLSEY, P.E. / Civil Engineer Associate / wwoolsey@murrieta.org

Subject: Designation of San Diego Regional Water Quality Control Board for MS4 Regulation

Hello Ken,

I do not know if you are the point of contact on this matter but we were told by Eric Becker and Wayne Chiu, San Diego Water Board, that they want this matter reapproved. This matter being continuing Murrieta being regulated by the San Diego MS4 permit only. The San Diego MS4 permit expires on November 10, 2015. Shortly thereafter, the Regional MS4 Permit will become effective. I'm wondering who we must talk too to and what is required from the city for this to happen.

I recall there was one stipulation requiring Murrieta to participate in the Lake Elsinore / Canyon Lake TMDL. However, we want to open discussions on the requirement because some things how come to light since 2010. I believe you were at the last meeting in SAWPA when I expressed my concerns about the TMDL. Can you please direct us to the person whom we must discuss this matter with? Thank you for your help.

Respectfully,

BILL WOOLSEY, P.E. / Civil Engineer Associate / wwoolsey@murrieta.org

Santa Ana Regional Water Quality Control Board

June 11, 2013

Mr. Warren D. Williams, General Manager and Chief Engineer
Riverside County Flood Control and
Water Conservation District
1995 Market Street
Riverside, CA 92501

AMENDMENT OF ORDER R8-2010-0033 - WASTE DISCHARGE REQUIREMENTS FOR AREAWIDE URBAN STORM WATER RUNOFF FOR THE RIVERSIDE COUNTY FLOOD CONTROL AND WATER CONSERVATION DISTRICT, THE COUNTY OF RIVERSIDE, AND THE INCORPORATED CITIES OF RIVERSIDE COUNTY, ORDER NO. R8-2013-0024, NPDES NO. CAS618033

Dear Mr. Williams:

Enclosed is a certified copy of Order No. R8-2013-0024 amending Order R8-2010-0033, NPDES No. CAS 618033. This amendment is for the limited purpose of:

1. Inclusion of the recently incorporated cities of Eastvale and Jurupa Valley as Permittees.
2. To incorporate changes as per the Designation Agreement dated September 28, 2010 between the San Diego and the Santa Ana Regional Water Quality Control Boards with respect to regulating municipal storm water runoff from the Cities of Menifee, Murrieta and Wildomar.

This order was adopted at a public hearing during the June 7, 2013 Board meeting. Please note that Order No. R8-2010-0033 expires on January 29, 2015 and a Report of Waste Discharge must be filed no later than 180 days in advance of that expiration date.

To view and/or download all information related to this Order, please access our website at

State of California
California Regional Water Quality Control Board
Santa Ana Region

Order No. R8-2013-0024

Amending Order No. R8-2010-0033, NPDES No. CAS 618033

The California Regional Water Quality Control Board, Santa Ana Region (hereinafter, Regional Board), finds that:

1. On January 29, 2010, the Regional Board adopted Order No. R8-2010-0033, NPDES No. CAS 618033, prescribing Waste Discharge Requirements for Area-wide Urban Storm Water Runoff for the County of Riverside, Riverside County Flood Control and Water Conservation District, and the incorporated cities of Riverside County within the Santa Ana Region. This Order is commonly referred to as the Riverside County Municipal Separate Storm Sewer System (MS4) Permit.
2. Order No. R8-2010-0033 is amended: (1) to add the newly incorporated cities of Eastvale and Jurupa Valley to the list of Permittees; (2) to remove two cities, Murrieta and Wildomar from the list of Permittees; and (3) to add all portions of the City of Menifee under this Order, including those portions that are under the jurisdiction of the San Diego Regional Board.
3. Title 40 of the Code of Federal Regulations, section 122.62, provides that NPDES permits may be modified if new information that was not available at the time of permit issuance becomes available, and that the information would have justified different permit conditions at the time of permit issuance. (40 CFR § 122.62(a)(2)). In this case, the incorporation of the Cities of Eastvale and Jurupa Valley and the designation agreements under Water Code 13228 were not available at the time of adoption of Order No. R8-2010-0033.
4. In accordance with Water Code Section 13389, amending wastewater discharge requirements for this discharge is exempt from those provisions of the California Environmental Quality Act contained in Chapter 3 (commencing with Section 21100), Division 13 of the Public Resources Code.
5. The Board has notified the discharger and other interested agencies and persons of its intent to amend waste discharge requirements for the discharge and has provided them with an opportunity to submit their written views and recommendations.
6. The Board, in a public meeting, heard and considered all comments pertaining to the discharge.

Order No. R8-2013-0024, Amending Order No. R8-2010-0033
 The County of Riverside, Riverside County Flood Control and Water
 Conservation District, and the incorporated cities of Riverside County
 Area-wide Urban Storm Water Runoff

IT IS HERBY ORDERED that Order No. R8-2010-0033 be amended as follows:

- Order No. R8-2010-0033, page 1 of 117, revise Table 1 to read:

Table 1. Municipal Permittees (Dischargers)

Principal Permittee	Riverside County Flood Control and Water Conservation District (RCFC&WCD)*	
Co-Permittees	1. Beaumont	10. Menifee
	2. Calimesa	11. Moreno Valley
	3. Canyon Lake	12. Norco
	4. Corona	13. Perris
	5. County of Riverside (County)	14. Riverside
	6. Eastvale	15. San Jacinto
	7. Hemet	
	8. Jurupa Valley	
	9. Lake Elsinore	

- Order No. R8-2010-0033, page 7 of 117, revise Section I.E. as follows:

On February 5, 2008 Wildomar residents voted for cityhood and the city incorporated on July 1, 2008. Menifee residents voted for cityhood on June 3, 2008 and the city incorporated on October 1, 2008. Both cities in letters dated May 5 and May 6, 2009, respectively, have expressed their intent to be a Co-Permittee in this Order and for the purposes of this Order shall be considered as such. Urban Runoff from the cities of Menifee, Murrieta and Wildomar discharges into watersheds within the Santa Ana Regional Board and the San Diego Regional Board jurisdictions.

On July 20, 2010 and July 21, 2010, the Cities of Murrieta and Wildomar, respectively, pursuant to California Water Code section 13228, requested that the Santa Ana Regional Board designate the San Diego Regional Board as the regulating authority for all portions of these cities, regardless of Regional Board jurisdictional boundaries for matters pertaining to MS4 permitting. In addition, on July 22, 2010, the City of Menifee requested that the San Diego Regional Board designate the Santa Ana Regional Board as the regulating authority for all portions of the city, regardless of Regional Board jurisdictional boundaries for matters pertaining to MS4 permitting.

On September 28, 2010, the Executive Officers of the Santa Ana and San Diego Regional Water Quality Control Boards signed Designation Agreements, pursuant to Water Code section 13228(a), providing: (1) the San Diego Regional Board the authority to regulate municipal storm water runoff from the Cities of Murrieta and Wildomar, including those portions of the cities that fall within the Santa Ana Regional Board's geographic jurisdiction; and (2) the Santa Ana Regional Board the authority to regulate municipal storm water runoff from all portions of the City of Menifee, including those portions that are within the San Diego Regional Board's jurisdiction.

The County of Riverside, Riverside County Flood Control and Water
Conservation District, and the incorporated cities of Riverside County
Area-wide Urban Storm Water Runoff*

Page 3 of 6

In accordance with the San Diego MS4 Permit, Order No. R9-2010-0016, the cities of Murrieta and Wildomar are required to comply with the applicable provisions of the Santa Ana MS4 Permit, Order R8-2010-0033, pertaining to implementation of the nutrient total maximum daily loads pertaining to Lake Elsinore and Canyon Lake. Similarly, Order R8-2010-0033 requires the City of Menifee to comply with any TMDLs and associated MS4 permit requirements issued by the San Diego Regional Board which include the City of Menifee as a responsible party.

4. Order No. R8-2010-0033, page 49 of 117, revise Section II. to read:

IT IS HEREBY ORDERED that the Riverside County Flood Control and Water Conservation District, the County of Riverside, and the incorporated cities of Beaumont, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Norco, Perris, Riverside, and San Jacinto, in order to meet the provisions contained in Division 7 of the Water Code and regulations adopted thereunder, and the provisions of the CWA, as amended, and the regulations and guidelines adopted there under must comply with the following:

5. Order No. R8-2010-0033, page 116 of 117, revise Section XXI.C. to read:

Pursuant to Section 13228 of the Water Code, on September 28, 2010 the Santa Ana Regional Board, through a Designation Agreement, authorized the San Diego Regional Board to regulate municipal storm water runoff from all areas of the cities of Murrieta and Wildomar, including those areas that are within the Santa Ana Regional Board's jurisdiction. Similarly, the San Diego Regional Board authorized the Santa Ana Regional Board to regulate municipal storm water runoff from all areas of the City of Menifee, including those areas that are within the jurisdiction of the San Diego Regional Board.

6. Order No. R8-2010-0033, Appendix 4, page 3 of 21, revise definition to read:

Co-Permittees – County of Riverside and the cities of Beaumont, Calimesa, Canyon Lake, Corona, Eastvale, Hemet, Jurupa Valley, Lake Elsinore, Menifee, Moreno Valley, Norco, Perris, Riverside, and San Jacinto.

7. Order No. R8-2010-0033, Appendix 6 – Fact Sheet, revise Section I.A., page 2 of 57, to read:

On February 5, 2008 Wildomar residents voted for cityhood and the city incorporated on July 1, 2008. Menifee residents voted for cityhood on June 3, 2008 and the city incorporated on October 1, 2008. On May 6, 2009, the City of Menifee and on May 5, 2009, the City of Wildomar submitted Letters of Intent to be a Co-Permittee in this Order and for the purposes of this Order shall be considered as such. Urban Runoff from the cities of Menifee, Murrieta and Wildomar discharges into watersheds within the Santa Ana Regional Board and the San Diego Regional Board jurisdictions.

On July 20, 2010 and July 21, 2010, the Cities of Murrieta and Wildomar, respectively, pursuant to California Water Code section 13228, requested that the Santa Ana Regional Board designate the San Diego Regional Board as the regulating authority for all portions of these cities, regardless of Regional Board jurisdictional boundaries for matters pertaining to MS4 permitting. In addition, on July 22, 2010, the City of Menifee requested that the San Diego Regional Board designate the

Conservation District, and the incorporated cities of Riverside County
Area-wide Urban Storm Water Runoff

Page 6 of 6

Santa Ana Regional Board as the regulating authority for all portions of the city, regardless of Regional Board jurisdictional boundaries for matters pertaining to MS4 permitting.

On September 28, 2010, the Executive Officers of the Santa Ana and San Diego Regional Water Quality Control Boards signed Designation Agreements, pursuant to Water Code section 13228(a), providing: (1) the San Diego Regional Board the authority to regulate municipal storm water runoff from the Cities of Murrieta and Wildomar, including those portions of the cities that fall within the Santa Ana Regional Board's geographic jurisdiction; and (2) the Santa Ana Regional Board the authority to regulate municipal storm water runoff from all portions of the City of Menifee, including those portions that are within the San Diego Regional Board's jurisdiction.

In accordance with the San Diego MS4 Permit, Order No. R9-2010-0016, the cities of Murrieta and Wildomar are required to comply with the applicable provisions of the Santa Ana MS4 Permit, Order R8-2010-0033, pertaining to implementation of the nutrient total maximum daily loads pertaining to Lake Elsinore and Canyon Lake. Similarly, Order R8-2010-0033 requires the City of Menifee to comply with any TMDLs and associated MS4 permit requirements issued by the San Diego Regional Board which include the City of Menifee as a responsible party

The cities in the Permit Area, along with the County, are collectively referred to as the Co-Permittees, and collectively, with the Principal Permittee, the Permittees.

8. This amendment shall become effective upon the adoption of this Order.
9. With respect to the changes pertaining to the cities of Murrieta and Wildomar, the amendments are valid only as long the Designation Agreements are valid and effective.
10. All other terms and conditions of Order No. R8-2010-0033 shall remain unchanged.

I, Kurt V. Berchtold, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an order adopted by the California Regional Water Quality Control Board, Santa Ana Region, on June 7, 2013.

Kurt V. Berchtold, Executive Officer
