INFORMATION ABOUT THIS DISCHARGE

1. The San Francisco Bay Regional Water Quality Control Board initiated formal enforcement proceedings against Borchers Brothers, Inc. by adopting Resolution No. 70-55 on June 25, 1970. Borchers Brothers, Inc. was ordered to cease discharge of waste to Los Gatos Creek unless a Report on Waste Discharge was filed, and to clean up and remove all material designated for removal from Los Gatos Creekbed.
2. An inspection by the staff on August 26, 1970 disclosed that Borchers Brothers, Inc. has ceased discharge of waste to Los Gatos Creek and has removed all the material designated for removal from the creekbed. A series of concrete-lined settling basins have been constructed to permit material to settle out of the truck rinsing or flushing water. Solid material from the basins is hauled to approved disposal areas and the water from the final settling basin is reused for flushing the hoppers on the ready-mix trucks.
