RE: City College 10,000 CY Stockpile

Dear Sir:

Kris Larson of Ninyo & Moore recently requested RWQCB review of the data regarding the quality of the stockpiled fill material that we were hoping to re-use on a campus project. The circumstances were such that haul off and disposal would have cost upwards of \$300,000 and naturally, we were in a hurry to get a final decision.

With the kind help of Mark Johnson, we received RWQCB authorization in a few short days, allowing us to continue.

We realize that your organization is charged with many responsibilities and staff is being pulled in many directions at the same time. In spite of that reality, you were able to address our need in record time.

We can't thank you enough for this diligence.

Sincerely,

James A. Blomquist
Associate Vice Chancellor
Office of Facilities Management

cc: Mark Johnson, RWQCB
Kris Larson, P.G., Ninyo & Moore
