March 11, 2009
John Muller

Dear John Muller,

As a Bay Area resident, I am appalled at the tons of trash polluting our creeks, Bay and ocean. This permit should require municipalities to comply with the water quality standards that have been established for the Bay. The Bay Area should be a leader in environmental standards, including measurable, enforceable trash regulations.

Given that the Board recently named 24 tributaries and two sections of Bay shoreline as trash impaired under section 303(d) of the Clean Water Act, it is unacceptable that this permit allows water quality standards to remain unmet until 2024.

In its current form, the permit allows 100 pieces of trash in every 100 feet of shoreline. Bay Area residents like me do not support setting such low standards for our creeks and Bay.

Sincerely

Valerie Rogers
17 Ronada Ave
Oakland, CA 94611-4224

Senders of Emails with identical trash messages.
