Justification

Information Supporting Selection as a Hot Spot (Attach additional photos as necessary):

Zone 7 owns and maintains the Line P section of the Arroyo Seco. This trash hot spot has been identified, through Zone 7's maintenance inspections, as having trash problems. This trash hot spot is located in between a shopping center (to the south) and Highway I-580 (to the north). The shopping center and the highway are likely major contributors of trash to Line P.
