

# TRASH HOT SPOT REPORTING

City of Daly City

Site ID: Daly City B-07A-01

## Site Information

**Site Location:** Beach shoreline adjacent to the outfall from the Avalon Canyon storm drainage area. The location is on the ocean shoreline west of the intersection of Westmoor Avenue and State Route 35, Skyline Boulevard in the City of Daly City. Daly City's hot spot starts at the outfall to beach and proceeds 100 yards north and 100 yards south of the outfall.

**Watershed:** Avalon Canyon

**Waterbody:** Pacific Ocean

**Jurisdiction:** City of Daly City

**Ownership:** City of Daly City

**Trash Pathways/Sources:** Upstream storm drainage areas within residential district within Daly City's jurisdiction, litter, windblown litter and fine debris.

**Site Identified by:** City of Daly City

**Agency Contact:** Mike Peterson, City of Daly City

## Justification

**Information Supporting Selection as a Hot Spot:** Daly City, in all practicality, has no open channels and no creeks within its jurisdiction. This site is one of only a few stormwater outfalls to the Pacific Ocean that resides within Daly City's jurisdiction and serves a residential drainage area within the City of Daly City.

**Existing Cleanup Efforts:** None

**Assessments:** None
