

# TRASH HOT SPOT REPORTING

City of Daly City

Site ID: Daly City B-03-01

## Site Information

**Site Location:** Beach shoreline adjacent to Fort Funston Recreation Area, west of State Route 35, Skyline Boulevard. Daly City's hot spot starts at the outfall to the beach and proceeds 100 yards north and 100 yards south. Daly City Vista Grand outfall is the outfall structure on the left of the above picture. The Daly City outfall is within the jurisdiction of the City of San Francisco who maintains their own outfall structure which is on the right side of the above picture.

**Watershed:** Vista Grande

**Waterbody:** Pacific Ocean

**Jurisdiction:** City of San Francisco

**Ownership:** G. G. National Recreation Area

**Trash Pathways/Sources:** Upstream storm drains within Daly City's jurisdiction, windblown

**Site Identified by:** City of Daly City

**Agency Contact:** Mike Peterson, City of Daly City

## Justification

**Information Supporting Selection as a Hot Spot:** Daly City, in all practicality, has no open channels and no creeks within its jurisdiction. This site is the stormwater outflow for a significant amount of both residential and commercial area within the City of Daly City.

**Existing Cleanup Efforts:** None

**Assessments:** None
