

California Regional Water Quality Control Board
Santa Ana Region

ORDER NO. R8-2003-0078

Rescission of Waste Discharge Requirements and Enforcement Orders
for
Specific Facilities

The California Regional Water Quality Control Board, Santa Ana Region (hereinafter Board), finds that:

1. The Orders listed in Attachment "A" were issued by the Board at various times for the facilities described therein. Attachment "A" is hereby made a part of this Order. Waste discharge requirements and enforcement orders for the facilities listed in Attachment "A" are no longer necessary because the facilities are now covered under general waste discharge requirements, the discharges from the facilities have no significant impact on the quality of waters in the area, or because the facilities are in compliance with enforcement orders.
2. This action is based on the fact that specific discharges are now covered under general waste discharge requirements, that enforcement orders have been satisfied, or on the finding that specific discharges have no significant water quality impacts. As such, this action is exempt from the requirements of the California Environmental Quality Act in accordance with Section 15061 (b) (3), Chapter 3, Title 14 of the California Code of Regulations.
3. The Board has notified the dischargers and interested agencies and persons of its intent to rescind the Orders for the facilities listed in Attachment "A", and has provided them with an opportunity to submit written comments and recommendations.
4. The Board, in a public meeting, heard and considered all comments pertaining to the rescission of waste discharge requirements.

IT IS HEREBY ORDERED that the orders listed in Attachment "A" be rescinded.

I, Gerard J. Thibeault, Executive Officer, do hereby certify that the foregoing is a full, true, and correct copy of an Order adopted by the California Regional Water Quality Control Board, Santa Ana Region, on July 1, 2003.

Gerard J. Thibeault
Executive Officer
