

Corrective Action Plans Submitted

Per Article 11, Section 2728 of the California Underground Storage Tank Regulations

Site Address

Proposed Remedial Actions - Soil

Proposed Remedial Actions - Groundwater

No Corrective Action Plans (CAPs) have been reportedly submitted to Regional Board staff since May 4, 2012. CAPs submitted for sites under local agency oversight should be reported by the oversight agency. Information regarding CAPs submitted to the local agencies should be documented in the SWRCB Geotracker database for the specific site.
