

Public Notice of Applications for 401 Certifications and/or Waste Discharge Requirements Authorizing Discharges of Dredge or Fill to waters of the U.S.

November 2005

Last updated November 10, 2005

Project Name:	Heacock Channel Stabilization
File Number	33200569
Applicant:	City of Moreno Valley
Agent:	None
Receiving Water:	Heacock Channel
Project Description	
<p>Channel bank reconstruction and placement of rip-rap slope protection in Heacock Channel. The work will repair channel erosion that threatens to undermine the adjacent Heacock Avenue between Delphinium Avenue and John F. Kennedy Drive. This project is currently being considered for the issuance of an emergency certification. Consequently, the full 21-day public comment period may not be provided.</p>

Project Name:	Day Creek Stage 6
File Number	33200566
Applicant:	Riverside County Flood Control and Water Conservation District
Agent:	None
Receiving Water:	Day Creek
Project Description	
<p>Modification of a 650-foot long segment of Day Creek, south of Limonite Avenue in Mira Loma, from an earthen channel to a concrete channel with vertical side walls and concrete bottom. The channel segment has been subject to erosion that has undermined the Limonite Avenue bridge. Various emergency actions have resulted in the placement of rip-rap and stone along the affected channel segment.</p>
