

**San Diego Creek Causal Assessment Meeting**  
**Interactive Workshop #3**  
July 28, 2015 SCCWRP Large Conference Room

**Agenda**

- |               |  |
|---------------|--|
| 9:00 – 9:15   | Welcome, coffee and bagels   |
| 9:15 – 9:30   | <b>Project update</b><br>Brief review of where we are at in the process, what we've accomplished and setting expectations for the next few months  |
| 9:30 – 10:00  | <b>Traditional comparator sites</b><br>Regional board staff are interested in performing a causal assessment using the traditional approach to selecting comparator sites. This is in addition to the comparator site selection approach using the new regional pool of comparator sites. Board staff will present their motivations and suggested comparator sites. |
| 10:00 – 10:30 | <b>Review of approaches to integrate data from multiple test sites</b><br>We'll revisit the different approaches to integrating test site data from multiple samples collected over time and space, like we have planned to do with this assessment  |
| 10:30 – 12:00 | <b>Review of different lines of evidence and assigning them to candidate causes</b><br>We'll go over the different lines of evidence typically used in a causal assessment and then consider whether that particular line of evidence can be applied to each of our candidate causes based upon data needs, appropriateness, etc                                     |
| 12:00 – 12:45 | Lunch  |
| 12:45 – 2:00  | Continue reviewing lines of evidence   |
| 2:00 – 2:30   | Preliminary assignment of tasks to (voluntary) analyze data with different lines of evidence   |
| 2:30 – 2:45   | Schedule next meeting  |
