Informational Workshop on Permanent Closure of Single-Walled Underground Storage Tanks and State Water Resources Control Board Funding Opportunities for Closure and Cleanup

Monday, September 19, 2016, 9:00 a.m. – 12:00 p.m.
City of Cupertino, Community Hall
10350 Torre Avenue, Cupertino CA, 95014

BACKGROUND

Single-walled underground storage tank (USTs), including single-walled piping, must be permanently closed in accordance with Health and Safety Code, chapter 6.7, section 25292.05 by December 31, 2025. This workshop is to provide information regarding the single-walled UST requirements created with the passage of Senate Bill No. 445 (Stats. 2014, ch. 547), as well as State Water Resources Control Board funding opportunities to meet those requirements.

UST Leak Prevention Program staff will discuss in detail the design and construction requirements, as well as the closure requirements, imposed by Senate Bill 445. Replacing, Removing, or Upgrading Underground Storage Tanks (RUST) Program staff will discuss loan and grant funding opportunities available to assist eligible small business owners/operators to meet the single-walled UST removal requirement. Lastly, UST Cleanup Fund staff will present information regarding cleanup funds available to assist eligible owners/operators with cleaning up petroleum-related contamination from the UST.

PARKING AND ACCESSIBILITY

The City of Cupertino Community Hall is located at 10350 Torre Avenue between Rodrigues Avenue and Pacifica Drive, Cupertino CA 95014. Onsite parking is available.
