Public Notice of Application for Water Quality Certification

**Orange County Public Works
County-Wide Long-Term Maintenance Program**

On June 20, 2013, the Orange County Public Works (OCPW) submitted an application for to the State Water Resources Control Board for the County-Wide Long-Term Maintenance Program.

The application proposes routine maintenance activities within Orange County Flood Control District (OCFCD) rights-of-way situated in 13 watersheds throughout the county of Orange which may entail impacts to waters of the state, including waters of the U.S. Maintenance activities would be performed on an as needed basis unless otherwise specified and would include channel and basin/dam maintenance (i.e., cleaning, silt removal, slope maintenance/repair), landscape maintenance and vegetation control/removal, insect/rodent control, rip-rap installation and repair, structural inspection/cleaning, installation of storm drain pipes and underdrains, fabrication and installation of headwalls, removal and replacement of concrete channel linings, and the repair and backfill of washouts and slope failures.

In addition, the application proposes routine maintenance activities for existing county bridge facilities on behalf of Orange County Bridge Maintenance. Bridge maintenance activities would include bridge concrete repair, cleaning and painting of bridge steel, and restoration of bridge scour protection measures.

Staff will consider all comments submitted in writing via email, fax, or mail to the State Water Board staff contact person identified below, and received during a 21-day comment period that begins on the date of issuance of this notice and ends at 5:00 p.m. on the 21st day following the date of issuance of this notice.
