Item #	Who	Action Item	Status/Notes
4	Darrin	Potential vs. Violation	RE-OPENED. 4/16: Need decision on whether to post un-reviewed self-determined violations from dischargers as "potential" or "violation". As currently designed, "violations" will show in public reports including re-designed SMR Summary Report. 4/30: Taking issue to "NPDES Roundtable" on 5/8 & talking to Public Reports User Group on 5/9 -student workers entering potentials w/o review by official enforcement officer, not looking at conditional statements -need official check by both discharger and enforcement officer to be copy of record for report -current workflow for Regions 3, 4, and 5 -> students enter as "potential", staff validate and change to "violation" -"potential" violations do not show on Public Reports **-if RB staff change violation from "potential" to "violation", send notification to discharger **-facility-at-a-glance report still shows "potential" -new violations discovered by case worker will have a status of "violation", system will notify discharger 5/8: NPDES Roundtable recommends to MCC to have discharger self-determined violations initially set with a status of "violation". Feedback form could be added to reports so public/discharger could question reported data. 5/21: Business rules needed on exactly when to report something as a violation for dischargers. 5/28: Issue now going to AEO meeting. Enhancements will be made to eSMR2 Alpha version to gain acceptance per discharger comments during 5/28 meeting.
