Chair Tam M. Doduc and Board Members  
State Water Resources Control Board

Dear Board members:

Please make the State Water Resources Control Boards "Wetland and Riparian Area Protection Policy" as strong as possible. In particular, I urge you to identify Alternative 4 as your preferred Alternative in the DEIR because it will do the most to protect wetlands and riparian areas while the other alternatives will not do enough.

Please complete this process as rapidly as possible and have an adopted Wetland and Riparian Area Protection Policy by the end of 2007. We cannot afford to lose any more wetlands and riparian areas.

Sincerely

Eli Leon
