

STATE OF CALIFORNIA
CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY
STATE WATER RESOURCES CONTROL BOARD

DIVISION OF WATER RIGHTS

In the Matter of Riparian Diversion Statements 15199, 15200, 15201, and 15202

Beckstoffer Vineyards XIV

ORDER APPROVING INSTREAM FLOW DEDICATION

SOURCE: Russian River and Russian River Underflow thence Pacific Ocean

COUNTY: Mendocino

WHEREAS:

1. Beckstoffer Vineyards XIV (Petitioner) filed a petition pursuant to Water Code section 1707 with the State Water Resources Control Board (State Water Board), Division of Water Rights (Division) on January 18, 2011. The petition was filed for the riparian right described in Statements of Water Diversion and Use (Statements) 15199, 15200, 15201, and 15202.
2. The Petitioner has requested that:
 - a. Downstream portions of the Russian River flow from the point of diversion (POD) #5 identified under Statement 15202 (see petition map, dated January 18, 2011, on file with the State Water Board) to the mouth of the Russian River be added to the description of the place of use;
 - b. Recreation, and preservation and enhancement of fish and wildlife resources be added as purposes of use; and
 - c. The pumping capacity be modified at PODs #2, #3, #4, and #5 such that the rate of diversion will be reduced to a maximum of 9.875 cubic feet per second (cfs). Approximately 20.125 cfs of the combined instantaneous rate of diversion between POD #2 and POD #5 will be dedicated to instream use.
3. The action requested in the petition is part of a larger project that is categorically exempt from the requirement for the preparation of environmental documents under California Environmental Quality Act (CEQA) in accordance with the criteria for Class 1 (Existing Facilities), Class 4 (Minor Alterations to Land), Class 7, and Class 8 (Action by Regulatory agencies for Protection of Natural Resources and the Environment) exemptions identified in Title 14, California Code of Regulations, sections 15301, 15304, 15307, and 15308, respectively.
4. The State Water Board finds that the petition will neither increase the amount of water that the Petitioner is entitled to use nor unreasonably affect any legal user of water, and otherwise meets the requirements of Division 2 of the Water Code. (Wat. Code, § 1707.) These findings are based on the "Memo to File", dated April 21, 2014, prepared by Division staff. An accounting of the volume or rate of flow of the riparian right dedicated to instream use may be relied upon for purposes of curtailment or other limitation on the diversion of water only if prior notice of the

accounting was provided to the legal users of water subject to such limitation. Accordingly, the petition is approved subject to the conditions imposed herein.

5. The amount of water dedicated to instream use under this Order is limited to a correlative share of the natural flow of the Russian River. This Order does not adjudicate the riparian right described in Statements 15199, 15200, 15201, and 15202.
6. Pursuant to Resolution No. 2012-0029, the State Water Board has delegated authority to the Deputy Director for Water Rights, and authorized redelegation, to act on change petitions and take related actions to comply with CEQA. This authority has been so redelegated.

NOW, THEREFORE, IT IS ORDERED THAT:

1. The description of the place of use is modified to include the portion of the Russian River flow from POD #5 to the mouth of the Russian River for that portion of the riparian right dedicated to instream use.
2. The purposes of use are modified to include recreation, preservation, and enhancement of fish and wildlife resources.
3. From the period of March 15 to May 15 of each year, the Petitioner shall dedicate up to 20.125 cfs to instream use. The combined instantaneous rate of diversion for beneficial use at the place of use shall not exceed 9.875 cfs at the following PODs:
 - a. POD #2 – operated under Statement 15200 located at North 2,123,075 feet and East 6,247,075 feet by California Coordinate System of 1983, Zone 2, being within SW¼ of NE¼ of projected Section 18, T13N, R11W, MDB&M;
 - b. POD #3 – operated under Statement 15199 and License 9434 located at North 2,121,260 feet and East 6,247,035 feet by California Coordinate System of 1983, Zone 2, being within SW¼ of SE¼ of projected Section 18, T13N, R11W, MDB&M;
 - c. POD #4 – operated under Statement 15201 located at North 2,119,105 feet and East 6,246,620 feet by California Coordinate System of 1983, Zone 2, being within NW¼ of NE¼ of projected Section 19, T13N, R11W, MDB&M; and
 - d. POD #5 – operated under Statement 15202 and License 8627 located at North 2,118,360 feet and East 6,246,280 feet by California Coordinate System of 1983, Zone 2, being within SW¼ of NE¼ of projected Section 19, T13N, R11W, MDB&M.
4. The Petitioner shall continue to submit the Supplemental Statements of Water Diversion and Use in accordance with Water Code section 5104 and shall include the following: (a) the total quantity diverted under Statements 15199, 15200, 15201, and 15202; (b) the quantity consumptively used; and (c) the quantity dedicated to instream flow resources pursuant to this order. No credit shall be given for instream flow dedication pursuant to Water Code section 1707 unless the required documentation is timely submitted and whenever requested by the Division of Water Rights.
5. If the Petitioner submits Supplemental Statements of Water Diversions and Use that includes the quantity dedicated to instream flow resources pursuant to this order, then the Petitioner shall include documentation with supplemental statements to show that natural flow was available at the PODs at the time of dedication and water would have been used under the riparian claim

absent the project modifications. This documentation may include but is not limited to, gage readings from USGS Gage 11461000 (Russian River near Ukiah), Lake Mendocino release data, temperature, and estimated frost demand information.

6. The State Water Board may supervise diversion and use of water under this order for the protection of lawful users of water and instream beneficial uses and for compliance with the conditions. The Petitioner shall allow representatives of the State Water Board and other parties, as may be authorized from time to time by the State Water Board, reasonable access to project works to determine compliance with the terms of this order.
7. The conditions of this order apply to the riparian right described in Statements 15199, 15200, 15201, and 15202, and shall apply to and bind all successors and assigns of that right. This order shall be recorded by the Petitioner in the County of Mendocino within 30 days of the date of this order.

Dear Mr. John Thomas:

STATEMENT OF WATER DIVERSION AND USE, STATEMENT NUMBERS 015199 AND 015202

Your statements of water diversion and use have been received and assigned the above numbers. You should refer to these numbers in any future correspondence to this office regarding the statements.

Copies of the statements are enclosed for your records.

Please notify us of any change in address or change in ownership.

The law requires that supplemental statements be filed at three-year intervals. The forms are automatically sent to you by the State Water Resources Control Board at the close of the period.

Thank you for your cooperation. If you have any questions or concerns, please telephone me at (916) 341-5366.

Sincerely,

Koso Nodohara
Sanitary Engineering Associate

STATEMENT OF WATER DIVERSION AND USE

(This is not a Water Right)

This Statement should be typewritten or legibly written in ink and submitted to the address above.
 A separate statement should be filed for each point of diversion. A duplicate copy will be returned for your file.

2001 OCT 29 PM 3:15
 STATE WATER RESOURCES CONTROL BOARD

A. Name of person diverting water Stephen N. Thomas and Diana J. Thomas
 Address c/o John Thomas, P.O. Box 748, Ukiah, California Telephone: 707 462-4716

B. Water is used under: Riparian claim; Pre 1914 right; _____ Other (explain) _____

C. Name of the body of water at the point of diversion Russign River
 Tributary to Pacific Ocean

D. Point of diversion is located within Mendocino County on Assessors Parcel # _____, being within the S.W 1/4 of S.E 1/4 of Section 18, of Township 13 N, Range 11 W, MD B&M.
 Name of works Manning Ranch

E. Do you own the land at the point of diversion? Yes NO _____ The name and address of the owner of the land is: (same as above)

F. Capacity of diversion works 4500 (cfs, gpm, or gpd) Capacity of storage tanks or reservoir None (gallons or acre-feet)
 Type of diversion facility: Gravity _____ Pump
 Method of measurement: Weir _____ Flume _____ Electric Meter _____ Estimate

G. Enter the amount (or approximate amount) of water used each month.
 Amounts below are shown in: Gallons _____ Acre-feet Other _____

Year	Jan	Feb	Mar	Apr	May	June	July	Aug	Sept	Oct	Nov	Dec	Total Annual
			X	X	X								

H. Annual water use in recent years: Maximum 40 (gallons or acre-feet) Minimum _____ (gallons or acre-feet)
 Year of first use (nearly as known) 1980

I. Purpose of use: What is the water being used for: (example, number of acres and type of crop irrigated, average number of persons served, number of stock watered, etc.) Frost Protection - Bartlett Pears

J. General description or location of place of use (example: 40 acres of pasture located 3 miles from Happyville on Alpha Road) 1 mile east of Highway 101 on North end of Hopland East to River.

K. Map: Please locate the point of diversion and place of use on a print of a USGS quad map, or make a sketch on the section grid provided on the reverse side of this form. The sketch should identify the section lines, prominent local landmarks and roads, your point of diversion, and your place of use (your house, acreage irrigated, etc.).

The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption. For a list of simple ways you can reduce demands and cut your energy costs, see our web-site at: <http://waterrights.ca.gov>. Additional copies of this form and water right information can be obtained at www.waterrights.ca.gov.

Manning
