CREDIT REVIEW CHECKLIST APPLICANT INSTRUCTIONS FOR WASTEWATER TREATMENT AND SEWER COLLECTION PROJECTS

A Preliminary Funding Commitment (PFC) will not be approved until the Credit Review documents listed below have been submitted, reviewed, and a credit limit determined for the applicant by CALMUNI. The following list of required documents is to be provided to your Project Manager (PM).

Description of items required on Credit Review Checklist:

Estimated Loan and Source of Funds Amounts

1. The estimated construction and annual Operation and Maintenance (O&M) costs;
2. A description of the anticipated manner in which all the costs will be financed; and
3. Median Household Income (MHI) and population for the proposed Project service area using census data or the most recent income survey if the census data does not accurately reflect the community's MHI. This information is used to analyze various factors, including affordability (*if applicant doesn't have CALMUNI will research and provide MHI information as part of their Credit Results*).

Project Description, Benefits and Location

4. Description of project location and a map of existing service area;
5. Statement of Project needs and benefits, including a discussion of the water quality benefits of the Project and the public health or water quality problems to be corrected.

Total Active Service Connections

6. Active wastewater service connections that are currently and directly served by the wastewater collection system. This includes a breakdown by each category for all domestic or residential, industrial, commercial and other connections.

Average Current Monthly Wastewater Charges

7. If the wastewater system uses a "tiered" rate, the charge should reflect what a typical user pays in each category and the basis of the charges. The rate should reflect direct wastewater charges plus any other fees or charges that support the wastewater service such as parcel fees, standby charges, wastewater taxes, and surcharges.

Projected Monthly Residential Service Charge (Project Constructed)

8. Provide the average projected monthly wastewater charges that will be passed on to wastewater users by category and the basis of the charges during the useful life of the proposed Project. Include any ineligible project costs as well as non-Project-related wastewater system costs that will be imposed on the residential users during the next five years.

Election/Proposition 218 Legal Opinion

9. Please submit evidence with regard to repayment sources:
 - a. If user charges may be used for repayment, please submit the following information:
 1. Date of last rate-setting procedure,
 2. Whether Prop 218 was followed, and
 3. Percentage of protest received.
 - b. If other funds may be used for repayment, please submit a letter from counsel containing the following information:
 4. Citations to the relevant laws authorizing use of such funds and any conditions, and
 5. Information about whether any pre-conditions to such use (election, etc.) has occurred.
 - c. Please calculate estimated net revenues to estimated debt service requirements post-construction. (Note: coverage ratios must be at least 120% if your agency has senior debt. If no senior debt, then 110% coverage is required.)

Draft Dedicated Source(s) of Funds

10. Section 603(d)(1)(C) of the Federal Clean Water Act requires each financing recipient to establish one or more dedicated sources of revenue for payment of the financing agreement. A dedicated source can be general taxes, user fees, a special assessment, or other sources.

Revenue will be considered dedicated when the Agency passes an ordinance or resolution committing a source of funds for payments. The Agency must submit a draft ordinance or resolution dedicating a legal and adequate source of revenue for payment of the CWSRF financing agreement before FPA. The ordinance or resolution dedicating a source of revenue for payment of the CWSRF financing agreement must be adopted by the Agency's governing board before execution of the financing agreement.

Other Sources of Security

11. The applicant shall identify other sources of security if needed for a financing agreement, such as, assessments, stocks, Surety Bonds from an insurance company, or property. If using property, provide an estimate of the value, how the value was determined, and whether the property is pledged as security for another financing agreement.

Financial Statements and Security (3 years, including most recent)

12. The applicant shall provide three years of financial statements. The financial statements must include current year (if available), and two years prior (Audited financial statements are preferred).

Cash Reserves and Uses

13. The applicant shall identify any cash reserves and the planned uses of the cash reserves shown in the financial statements

Existing Long-Term Indebtedness (Schedule of System Obligations/Legal Opinion/Debt Documents)

14. For the purposes of the following, "existing debt" means the applicant's existing debt that relies on the same pledged revenue source as the applicant is pledging for payment of the CWSRF financing. The applicant shall submit a schedule of existing debt. This schedule will be an exhibit to the CWSRF financing agreement and will rank existing debt according to priority in relation to the new, anticipated CWSRF debt (senior, parity, or subordinate). The schedule will list the name of lender, title of debt, debt term, interest rate, total debt amount, remaining debt balance, and debt end date. The Schedule of System Obligations document format is contained in the CWSRF application instructions.

15. The applicant shall submit a letter from the Agency's bond counsel (in certain circumstances local counsel will be adequate), citing relevant provisions in each of the applicant's existing debt documents listed in Schedule of System Obligations (including CWSRF debts), that would affect the ability of the Agency to agree to and meet its obligations under the new, anticipated CWSRF financing agreement. If the applicant has no other debts (except other CWSRF debt), the Agency's Authorized Representative must provide a letter stating this.

16. For all existing debt (other than CWSRF debt), the applicant shall submit the relevant debt document (loan agreement, bond indenture, etc.) by either CD (preferred) or paper copy. The applicant may be required to submit supplemental materials (Offering Statement, maturity schedules, etc.), particularly in the case of multiple series indentures or large debt loads.

Litigation/Tax Payer Dispute

17. The applicant shall describe any pending or anticipated litigation and contractual or ratepayer/taxpayer disputes that may detrimentally affect the applicant's payment source or the ability of the applicant to agree to or pay the CWSRF financing.

Future Capital Improvements and Long-Term Indebtedness Needs

18. The applicant must describe its capital improvement plans and the long-term indebtedness needed to fund future capital improvements.

CLEAN WATER STATE REVOLVING FUND PROGRAM
of the
STATE OF CALIFORNIA
acting by and through the
STATE WATER RESOURCES CONTROL BOARD

TAX QUESTIONNAIRE

You have applied for financing from the State Water Resources Control Board ("State Water Board") and its Clean Water State Revolving Fund ("CWSRF"). The CWSRF utilizes the proceeds of tax-exempt bonds (the "Bonds"). Since the Bonds will be tax-exempt, it is necessary to obtain certain information regarding the project to be funded (the "Project"). This Tax Questionnaire is designed to assist in obtaining such information. Each recipient of a CWSRF financing agreement or other assistance to be financed with Bond proceeds is requested to complete the attached Tax Questionnaire. In addition, you will be asked to execute a certification as to the use of the financial assistance being provided to you and certain other matters that could affect the tax exemption of the Bonds. We will prepare this certification based upon the information furnished by you in this Tax Questionnaire. Your CWSRF financing agreement "Agreement", also known as an Installment Sales Agreement, will also contain tax covenants based in part on your answers to this Tax Questionnaire.

Any questions regarding this Tax Questionnaire may be directed to your project manager. You may also wish to consult with your own counsel. The adopted Reimbursement Resolution is preferred to be submitted with the application or as soon as possible after the application is submitted. However, if the Agency cannot send in the Reimbursement Resolution with the application the latest date of submittal is no later than 60 days after start of construction of the project and before DFA can prepare the CWSRF financing agreement (see the above model resolution).

Please return a hard copy version of the executed, completed Tax Questionnaire and the adopted Reimbursement Resolution to your project manager at State Water Resources Control Board, Division of Financial Assistance, 1001 I Street, 16th Floor, Sacramento, California 95814.

If the applicant does not have other debts (except other CWSRF debts), the Agency's Authorized Representative must provide a letter stating this. The Agency's SSO will include: name of lender; title of debt, debt term, interest rate, total debt amount; remaining debt balance; and debt end date. For all debts other than existing CWSRF debts, include maturity schedules and debt instruments (bond documents, loan agreements, etc.) on a CD (preferred). All information submitted will be reviewed by SWRCB legal staff for compliance with CWSRF Program requirements.
