(e) Attach the Estimated Annual Disbursement Schedule: Application Instructions contains the template (label as Attachment 2).

III. Authorization and Other Approvals (All Programs with exceptions noted below)

1. **Legal Authority (except SCWG):** Submit a legal opinion addressing the following issues (label as Attachment 3):
 1. The legal authority to enter into a financing agreement with the SWRCB, including legal citations;
 2. Agency’s attorney contact information; and
 3. Any requirements that the applicant hold an election before entering into a financing agreement with the State Water Board. If an election is required, state the date held or the date scheduled: _____
2. **Applicant Authorization:** Submit a certified copy of a resolution adopted by the governing body (label as Attachment 4A). A model resolution is given in the Application & Instructions for your reference.
3. **Water Rights:** To comply with Sections 1210 through 1212 of the Water Code, an approved Petition for Change may be required from the State Water Board, Division of Water Rights. If the project is not a wastewater project an appropriate water right may be required if water will be diverted from a surface or subterranean stream.
 Have you filed a petition with the Division of Water Rights? Yes No
 Applicant must submit a written determination from the Division of Water Rights showing whether a petition must be filed or no further action is required. If no water rights petition is required, submit documentation and label as Attachment 4B. If a water rights petition is required, provide a copy of the water rights petition and label as Attachment 4B.
 To obtain a written determination, submit an email request including a brief project description (one page or less) to the Division of Water Rights, kmrowka@waterboards.ca.gov for your project. The project description needs to include whether: (a) the wastewater project currently discharges to a stream and any change to the discharge amount as a result of the proposed project; or (b) the non-wastewater project will divert from a surface or subterranean stream. For information regarding water rights, applicants may review the following web site:
http://www.swrcb.ca.gov/water_issues/programs/grants_loans/water_recycling/waterrightsrequirements.shtml.
 If additional information is needed, please contact the Division of Water Rights, Kathy Mrowka, at (916)341-5363.
4. **Project Report or Facilities Planning Document:** Submit a completed facilities planning document and any supplementary documents that contain the required facilities planning information described in each of the program guidelines (label as Attachment 5).
5. **Environmental Review (SCWG not CEQA+):** Refer to the *Instructions and Guidance for Environmental Compliance Information* for details on meeting state and federal environmental review requirements. Submit the California Environmental Quality Act (CEQA) Checklist portion of this document and all available environmental documents for your project (label as Attachment 6).
6. **Credit Review Package (except SCWG):** Submit a Credit Review Package (label as Attachment 7) as specified in the Instructions’ Credit Review Checklist. For Program specific information, please refer to the respective Program guidelines.
7. **Project Schedule:** Submit a project schedule showing project milestone dates (label as Attachment 8). This schedule should be updated periodically as more information becomes available. All WRFPP projects must submit a construction finance plan, please refer to the WRFPP Guidelines.
8. **Regional Water Quality Control Board Requirements:** Submit adopted or tentative State Water Resources Control or Regional Water Quality Control Board Waste Discharge Requirements, amended Basin Plan Total Maximum Daily Loading for the project’s discharge to an impaired water body, Water Recycling Requirements, and/or NPDES Permit (label as Attachment 9).

9. Applicant's Authority on Property Access to Construct Project: A legal description of the site on which the project is to be constructed and an opinion signed by competent title counsel describing the interest the applicant has in the site, including information as to any easements and rights-of-way and certifying that the estate or interest is legal and valid. The opinion should also include information as to whether or not:

- The applicant (or the present owner if fee simple title has not been or is not to be acquired) has good and valid title to the entire site (excluding easements and rights-of-way) free and clear of any pre-existing mortgages, deeds of trust, liens or other encumbrances, which would affect the value or usefulness of the site for the purpose intended;
- Certifying that the applicant has sufficient property rights in the land used for all portions of the Project to enable it to access, construct, operate, maintain, and allow for outside inspections of the Project throughout the useful life of the Project and/or the CWSRF financing term, whichever period is longer;
- Any deeds or documents required to be recorded in order to protect the title of the owner, and the interest of the applicant have been duly recorded or filed for record whenever necessary; and
- The applicant has complied with the requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (42 U.S.C. 4601). (label as Attachment 10).

10. Real Property Acquisitions: Has all necessary land or right-of-way been acquired? Yes No
If no, submit status of acquisitions (label as Attachment 11A).

11. Agreements with Other Parties: Please list all agreements and approvals needed for implementation of the project. Submit and explain status of said agreements and approvals (label as Attachment 11B).

12. Tax Questionnaire (except SCWG): Please complete and submit the Tax Questionnaire (contained within the Instructions) with the application (label as Attachment 11C).

13. Water Conservation Plan: Prior to approval of the project by the State Water Board, specific Water Conservation requirements must be achieved. In fulfillment of these requirements, please indicate below what pertinent information you are submitting (label as Attachment 12).

- Proof of signed Memorandum of Understanding with the California Urban Water Conservation Council.
- Copy of the Urban Water Management Plan submitted to the CA Department of Water Resources (See item 14).
- Copy of the developed Water Conservation Program for approval by the State Water Board.
- None at this time. Please explain: _____

14. Urban Water Management Plan (UWMP): If you are a water supplier to more than 3,000 customers or supplying more than 3,000 acre-feet annually you are required to submit an UWMP to the Dept. of Water Resources (DWR). Please submit documentation showing that the UWMP has been submitted to the DWR and Water Code Section 10631.5 Best Management Practices Compliance (label as Attachment 13A).

15. Compliance with Water Metering Requirements: Water Code Section 529.5 requires urban water suppliers to comply with water metering requirements to obtain state financial assistance. Please submit the Certification of Compliance, included in the Application Instructions, with water metering requirements or exemption (label as Attachment 13B).

IV. Other Submittals (Program specific information required noted below)

A – Clean Water State Revolving Fund Program Projects

- 1. Dedicated Source of Net revenues (for CWSRF or WRF loans):** A “Dedicated Source of Net revenues” is required to repay the financing agreement. Please attach appropriate resolution or ordinance or indicate schedule to provide dedicated source of revenue (label as Attachment 14). A Dedicated Source of Net revenues must be approved before a financing agreement can be issued. This is the same document requested within the Credit Review Package, Item Number 10.
- 2. Certification of Compliance with Federal Laws and Authorities:** See Application Instructions for the appropriate form (label as Attachment 15)
- 3. Reimbursement Resolution:** Please complete and submit a Reimbursement Resolution (label as Attachment 16). A template Reimbursement Resolution is included in the Application Instructions.
- 4. General Plan Certification:** Please complete and submit the General Plan Certification contained within the Application Instructions (label as Attachment 17).

B - Water Recycling Projects (CWSRF or WRFP)

This section applies to water recycling projects for the purpose of providing water supply rather than water pollution control or wastewater disposal. For water recycling projects funded by the CWSRF, the documents required under section IV.A. must also be submitted.

1. **Estimated Annual Costs:**

Cost Classification	Annual Costs, \$	
	First Year	Fifth Year
Debt Service		
Fixed Operation and Maintenance Cost		
Variable Operation and Maintenance Cost		
Other (explain)		
Total Annual Costs		

Assumed Date of Costs for:
 First Year of Operation: _____
 Fifth Year of Operation: _____

Assumed Cost Index or Rate of Inflation: Index Name: _____ Index Value: _____ or
 Inflation Rate: _____ % per yr.

2. **Annual Deliveries:**

Year of Operation	1	2	3	4	5
No. of Sites					
Amount, Ac-ft/yr					

3. **Reclaimed Water User Assurances:** Please indicate method of providing user assurances.

- User Agreements Mandatory Use Ordinance

Refer to Water Recycling Funding Guidelines for latest requirements and timing of submittals (label as Attachment 18).

4. **Water Supply Project Best Management Practices (BMPs):** Please provide a copy of the Department of Water Resources BMPs eligibility to receive grant or financing determination letter (label as Attachment 19) for surface or groundwater storage, recycling, desalination, water conservation, water supply reliability and water supply augmentation projects.

Financial Assistance Application Instructions

for

Clean Water State Revolving Fund (CWSRF) Program
Water Recycling Funding (WRF) Program
Small Community Wastewater Grant (SCWG) Program

All applicants are encouraged to schedule a kickoff meeting with the Division if the applicant has never applied or has not applied for a CWSRF, WRF or SCWG financing in the last two years. The kickoff meeting should be scheduled during the planning portion of the project because the federal and state requirements regarding environmental, credit review, and legal issues are all critical path tasks that Division staff can clarify early in the planning phase of a project. These Programs are dynamic and state/federal Policies, laws, and regulations are changing over time. Familiarity with recent changes is important. The Division recommends that the applicant review the application, application instructions, and the Credit Review Instructions prior to the kickoff meeting with the Division so that the applicant is prepared to ask questions relevant to its specific project requirements. Division staff may be able to schedule kickoff meetings at the applicant's location or another site, depending on travel costs and resources available, to accommodate the Division's and applicant's schedules.

This application package should be submitted to the address listed below at the completion of planning or earlier, if possible. An incomplete application package may be submitted, but applicants should understand that complete applications will be reviewed before incomplete applications. An agency may request funding from more than one program. The application, including attachments, is intended to provide all information and documents needed for facilities plan approval and a preliminary funding commitment. Updated information may be required later. The electronic versions of all forms are available from the Division Project Managers and the CWSRF web site: http://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/refmaterial.shtml
Please refer to the adopted Program Policy for program specific information.

Submit the completed application package to:

CLEAN WATER STATE REVOLVING FUND PROGRAM (CWSRF)
INSTRUCTIONS AND GUIDANCE FOR
“ENVIRONMENTAL COMPLIANCE INFORMATION” (Version: October 25, 2011)

Introduction:

Detailed information, including statutes and guidelines on the California Environmental Quality Act (CEQA), can be obtained at <http://ceres.ca.gov/ceqa>. A CEQA Process Flowchart that shows interaction points between lead and responsible agencies can be found at http://ceres.ca.gov/topic/env_law/ceqa/flowchart/index.html. In addition, State Water Resources Control Board (State Water Board) environmental staff is available to answer questions about the CEQA process. Please contact your assigned Project Manager to be directed to an appropriate environmental staff person for further clarification.

CEQA Information:

All projects coming to the State Water Board for funding are considered “projects” under CEQA because the State Water Board is providing discretionary approval for that funding.

The types of CEQA documents that might apply to an applicant’s project include one or a combination of the following: 1. Notice of Exemption; 2. Initial Study and Negative Declaration (or Mitigated Negative Declaration with a Mitigation Monitoring and Reporting Program [MMRP]); or 3. Environmental Impact Report (EIR) with an MMRP. The applicant must determine the appropriate document for its project and submit the additional supporting information listed under the applicable section of the CEQA Checklist, Attachment 1, plus a completed copy of the Evaluation Form for Environmental Review and Federal Coordination, Attachment 2. Please submit two copies of all CEQA documents. If the applicant is using a CEQA document that is older than five years, the applicant must re-evaluate environmental and project conditions, and develop and submit an updated environmental document based on the results of that re-evaluation.

The applicant must ensure the CEQA document is specific to the project for which funding is being requested. Tier I CEQA documents, such as Program or Master Plan EIRs, may not be suitable for satisfying State Water Board requirements if these documents are not project-specific. Instead, the applicant should be submitting a Tier II CEQA document that is project-specific. If this Tier II CEQA document references pertinent environmental and mitigation information contained in the Tier I CEQA document, then the applicant must submit both documents. *[NOTE: Tier I and Tier II documents refer to documents as defined under CEQA. Although the same terminology is used, these documents do not relate to the Tier I and Tier II level of reviews under the CWSRF Program.]*

Each applicant, if it is a public agency, is responsible for approving the CEQA documents it uses regardless of whether or not it is a lead agency under CEQA. Non-profit organizations, however, shall only be responsible for approving the applicable project mitigation measures identified in the MMRP. For purposes of State Water Board CWSRF Program, all public agencies applying for this funding shall file either a Notice of Exemption or a Notice of Determination with the Governor’s Office of Planning and Research (State Clearinghouse) and the county clerk (-s). Stamped copies of these notices shall be submitted with all the applicable environmental documents.

If the CEQA document is linked to a National Environmental Policy Act (NEPA) document (such as an Environmental Assessment or an Environmental Impact Statement), then the applicant shall submit the additional corresponding NEPA items with either a Finding of No Significant Impact, or a Record of Decision made by the lead agency under NEPA. Note that additional information may be requested from the applicant after review of all the environmental documents to ensure the State Water Board can complete its own CEQA compliance.

Federal Information:

CEQA requires full disclosure of all aspects of the project, including impacts and mitigation measures that are not only regulated by state agencies, but also by federal agencies. Early consultation with state and federal agencies in the CEQA process will assist in minimizing changes to the project when funding is being requested from the State Water Board. For the items that follow the [CEQA Checklist](#), the applicant shall provide the information and/or reference any applicable sections from the documents being submitted to assist with environmental staff's CEQA review, as well as to provide applicant guidance on any potential concerns, and to assist with federal coordination as needed.

1. Federal Endangered Species Act (ESA), Section 7:

For further information on the federal ESA relating to law, regulation, policy, and notices, go to <http://www.fws.gov/endangered/policy/index.html> and <http://www.nmfs.noaa.gov/pr/laws/esa/>. Note that compliance with both state and federal ESA is required of projects having the potential to impact special status species. Although overlap exists between the federal and state ESAs, there might be additional or more restrictive state requirements. For further information on the state ESA, go to <http://www.dfg.ca.gov/habcon/cesa/>.

2. Essential Fish Habitat Consultation Process under the Magnuson-Stevens Fishery Conservation and Management Act:

The Magnuson-Stevens Fishery Conservation and Management Act, as amended, is designed to manage and conserve national fishery resources. Essential Fish Habitat (EFH) consultations are only required for actions that may adversely effect EFH. With assistance from the State Water Board, the applicant needs to determine whether the proposed project may adversely affect EFH. National Marine Fisheries Service (NMFS) have maps and/or other information on the locations of EFH, as well as provide information on ways to promote conservation of EFH to facilitate this assessment. If the project may adversely affect EFH, the applicant must complete an EFH consultation.

The State Water Board will ask USEPA to send the applicant's documentation with a letter requesting an EFH consultation to NMFS. NMFS will respond informally or in writing. NMFS comments may include conservation measures for the project.

For more information, see the brochure at:

http://www.nmfs.noaa.gov/sfa/reg_svcs/Council%20stuff/council%20orientation/2007/2007TrainingCD/TabT-EFH/EFH_CH_Handout_Final_3107.pdf.

3. National Historic Preservation Act (NHPA), Section 106:

The NHPA focuses on federal compliance. In addition, CEQA requires that impacts to cultural and historic resources be analyzed. The "CEQA and Archeological Resources" section from the Governor's Office of Planning and Research CEQA Technical Advice Series states that the lead agency obtains a current records search from the appropriate California Historical Resources Information System Center. In addition, the Native American Heritage Commission (NAHC) will provide a list of Native American tribes to be contacted and that are culturally affiliated with a project area.

The NAHC can be contacted at:

915 Capitol Mall, Room 364
Sacramento, CA 95814
(916) 653-4082

4. Clean Air Act:

For CWSRF financed projects, we recommend including a general conformity section in the CEQA documents so that another public review process will not be needed, should a conformity determination be required. The applicant should check with its air quality management district and review the Air Resources Board [California air emissions map](#) for information on the State Implementation Plan. For information on the analysis steps involved in evaluating conformity, please contact the environmental staff person through the assigned Project Manager.

5. Coastal Zone Management Act:

For affected areas, refer to <http://coastalmanagement.noaa.gov/mystate/docs/StateCZBoundaries.pdf>. For additional information please refer to <http://www.coastal.ca.gov/ccatc.html> and/or <http://www.bcdc.ca.gov/>.

6. Coastal Barriers Resources Act:

The Coastal Barriers Resources Act is intended to discourage development in the Coastal Barrier Resources System and adjacent wetlands, marshes, estuaries, inlets, and near-shore waters. Since there is no designated Coastal Barrier Resources System in California, no impacts from California projects are expected. However, should the applicant believe there may be impacts to the Coastal Barrier Resources System due to special circumstances, please use the following information as a guide.

During the planning process, the applicant should consult with the appropriate Coastal Zone management agency (e.g., City or County with an approved Local Coastal Program, the California Coastal Commission, or the San Francisco Bay Conservation and Development Commission) to determine if the project will have an effect on the Coastal Barrier Resources System. If the project will have an effect on the Coastal Barrier Resources System, the State Water Board must consult with the appropriate Coastal Zone management agency and the United States Fish and Wildlife Service (USFWS). Any recommendations from the Coastal Zone management agency and USFWS will be incorporated into the project's design prior to project approval for CWSRF financing.

For more information and to ensure that no modifications to Coastal Barrier Resources System have occurred, please visit: http://www.fws.gov/habitatconservation/coastal_barrier.html.

7. Farmland Protection Policy Act:

The Natural Resources Conservation Service provides information on the Farmland Protection Policy Act at <http://www.nrcs.usda.gov/programs/fppa>. Please see the following website regarding the Williamson Act <http://www.consrv.ca.gov/dlrp/lca>.

8. Floodplain Management - Executive Order 11988:

Each agency shall provide leadership and take action to reduce the risk of flood loss, to minimize the impact of floods on human safety, health and welfare, and to restore and preserve the natural and beneficial values served by floodplains in carrying out its responsibilities. Before taking an action, each agency shall determine whether the proposed action will occur in a floodplain. The generally established standard for risk is the flooding level that is expected to occur every 100 years. If an agency determines or proposes to, conduct, support, or allow an action to be located in a floodplain. The agency shall consider alternatives to avoid adverse effects and incompatible development in the floodplains.

For further information regarding Floodplain Management requirements, please consult the following web link: <http://www.epa.gov/owow/wetlands/regs/eo11988.html>.

9. Migratory Bird Treaty Act (MBTA):

The MBTA, along with subsequent amendments to this Act, provides legal protection for almost all breeding bird species occurring in the United States and must be addressed in CEQA. The MBTA restricts the killing, taking, collecting and selling or purchasing of native bird species or their parts, nests, or eggs. The treaty allows hunting of certain game bird species, for specific periods, as determined by federal and state governments. In the CEQA document, each agency must make a finding that a project will comply with the MBTA. For further information, please consult the following web link:

<http://www.fws.gov/laws/lawsdigest/migtrea.html>.

10. Protection of Wetlands – Executive Order 11990:

Projects, regardless of funding, must get approval for any temporary or permanent disturbance to federal and state waters, wetlands, and vernal pools. The permitting process is usually through the U.S. Army Corps of Engineers (USACOE), can be lengthy and may ultimately require project alterations to avoid wetlands.

Applicants must consult with USACOE early in the planning process if any portion of the project site contains wetlands, or other federal waters. The USACOE Wetland Delineation Manual is available at:

<http://www.wetlands.com/regs/tlpge02e.htm>. Also note that the Water Boards are involved in providing approvals through a Clean Water Act Section 401 Water Quality Certification and/or Waste Discharge Requirements (http://www.waterboards.ca.gov/water_issues/programs/cwa401/index.shtml).

11. Wild and Scenic Rivers Act:

There are construction restrictions or prohibitions for projects near or on a “wild and scenic river.” A listing of designated “wild and scenic rivers” can be obtained at

<http://www.rivers.gov/wildriverslist.html>. Watershed information can be obtained through the “Watershed Browser” at: http://cwp.resources.ca.gov/map_tools.php.

12. Safe Drinking Water Act, Source Water Protection:

For more information, please visit: <http://epa.gov/region09/water/groundwater/ssa.html>.

13. Environmental Justice – Executive Order No. 12898:

Identify and address any disproportionately high and adverse human health or environmental effects of the project’s activities on minority and low-income populations. USEPA has defined environmental justice as “the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies.”

Fair Treatment means that no group of people should bear a disproportionate burden of environmental harms and risks, including those resulting from the negative consequences of industrial, governmental, and commercial operations or programs and policies.

Meaningful Involvement means that: 1) potentially affected community members have an appropriate opportunity to participate in decisions about a proposed activity that will affect their environment and/or health; 2) the public’s contribution can influence the agency’s decision; 3) the concerns of all participants involved will be considered in the decision-making process; and 4) the decision-makers seek out and facilitate the involvement of those potentially affected.

The term “environmental justice concern” is used to indicate the actual or potential lack of fair treatment or meaningful involvement of minority, low-income, or indigenous populations, or tribes in the development, implementation, and enforcement of environmental laws, regulations, and policies.

Your project may involve an “environmental justice concern” if the project could:

- a) Create new disproportionate impacts on minority, low-income, or indigenous populations;
- b) Exacerbate existing disproportionate impacts on minority, low-income, or indigenous populations; or
- c) Present opportunities to address existing disproportionate impacts on minority, low-income, or indigenous populations that are addressable through the project.

State Water Resources Control Board (State Water Board)
Clean Water State Revolving Fund Program

November 2011 Version

Evaluation Form for Environmental Review and Federal Coordination

CWSRF No.: _____

Applicant Name: _____

Date: _____

Project Title: _____

1. Federal Endangered Species Act (ESA):

Does the project involve any direct effects from construction activities, or indirect effects such as growth inducement that may affect federally listed threatened or endangered species or their critical habitat that are known, or have a potential, to occur on-site, in the surrounding area, or in the service area?

a. Required documents: Attach project-level biological surveys, evaluations analyzing the project's direct and indirect effects on special-status species, and an up-to-date species list (from the United States Fish and Wildlife Service and the California Natural Diversity Database) for the project area.

No. Discuss why the project will not impact any federally listed special status species:

Yes. Provide information on federally listed species that could potentially be affected by this project and any proposed avoidance and compensation measures so that the State Water Board can initiate informal/formal consultation with the applicable federally designated agency. Document any previous ESA consultations that may have occurred for the project. Include any comments below.

2. **Magnuson-Stevens Fishery Conservation and Management Act:**

Does the project involve any direct effects from construction activities, or indirect effects such as growth inducement that may adversely affect essential fish habitat?

No. Discuss why the project will not impact essential fish habitat:

Yes. Provide information on essential fish habitat that could potentially be affected by this project and any proposed avoidance and compensation measures. Document any consultations with the National Marine Fisheries Service that may have occurred for the project. Include any comments below.

3. **National Historic Preservation Act:**

Identify the area of potential effects (APE), including construction, staging areas, and depth of any excavation. (Note: the APE is three dimensional and includes all areas that may be affected by the project, including the surface area and extending below ground to the depth of any project excavations).

- **Required documents: Attach a current records search with maps showing all sites and surveys drawn in relation to the project area, and records of Native American consultation.**

4. Federal Clean Air Act:

Identify Air Basin Name _____

Name of the Local Air District for Project Area: _____

Is the project subject to a State Implementation Plan (SIP) conformity determination?

No. The project is in an attainment or unclassified area for all federal criteria pollutants.

Yes. The project is in a nonattainment area or attainment area subject to maintenance plans for a federal criteria pollutant. Include information to indicate the nonattainment designation (e.g. moderate, serious, severe, or extreme), if applicable. If estimated emissions (below) are above the federal de minimis levels, but the project is sized to meet only the needs of current population projections that are used in the approved SIP for air quality, then quantitatively indicate how the proposed capacity increase was calculated using population projections.

• **If you checked “Yes” above, provide the estimated project construction and operational air emissions (in tons per year) in the chart below, and attach supporting calculations.**

• **Also, attach any air quality studies that may have been done for the project.**

Pollutant	Federal Status (Attainment, Nonattainment, Maintenance, or Unclassified)	Nonattainment Rates (i.e., moderate, serious, severe, or extreme)	Threshold of Significance for Project Air Basin (if applicable)	Construction Emissions (Tons/Year)	Operation Emissions (Tons/Year)
Ozone (O ₃)					
Carbon Monoxide (CO)					
Oxides of Nitrogen (NO _x)					
Reactive Organic Gases (ROG)					
Volatile Organic Compounds (VOC)					
Lead (Pb)					
Particulate Matter less than 2.5 microns in diameter (PM _{2.5})					
Particulate Matter less than 10 microns in diameter (PM ₁₀)					
Sulfur Dioxide (SO ₂)					

5. Coastal Zone Management Act:

Is any portion of the project site located within the coastal zone?

No. The project is not within the coastal zone.

Yes. Describe the project location with respect to coastal areas and the status of the coastal zone permit, and provide a copy of the coastal zone permit or coastal exemption:

6. Coastal Barriers Resources Act:

Will the project impact or be located within or near the Coastal Barrier Resources System or its adjacent wetlands, marshes, estuaries, inlets, and near-shore waters? Note that since there is currently no Coastal Barrier Resources System in California, projects located in California are not expected to impact the Coastal Barrier Resources System in other states. If there is a special circumstance in which the project may impact a Coastal Barrier Resource System, indicate your reasoning below.

No. The project will not impact or be located within or near the Coastal Barrier Resources System or its adjacent wetlands, marshes, estuaries, inlets, and near-shore waters.

Yes. Describe the project location with respect to the Coastal Barrier Resources System, and the status of any consultation with the appropriate Coastal Zone management agency and the United States Fish and Wildlife Service:

7. Farmland Protection Policy Act:

Is any portion of the project located on important farmland?

No. The project will not impact farmland.

Yes. Include information on the acreage that would be converted from important farmland to other uses. Indicate if any portion of the project boundaries is under a Williamson Act Contract and specify the amount of acreage affected:

8. Flood Plain Management:

Is any portion of the project located within a 100-year floodplain as depicted on a floodplain map or otherwise designated by the Federal Emergency Management Agency?

- **Required documents: Attach a floodplain map.**

No. Provide a description of the project location with respect to streams and potential floodplains:

Yes. Describe the floodplain, and include a floodplains/wetlands assessment. Describe any measures and/or project design modifications that would minimize or avoid flood damage by the project:

9. Migratory Bird Treaty Act:

Will the project affect protected migratory birds that are known, or have a potential, to occur on-site, in the surrounding area, or in the service area?

No. Provide an explanation below.

Yes. Discuss the impacts (such as noise and vibration impacts, modification of habitat) to migratory birds that may be directly or indirectly affected by the project and mitigation measures to reduce or eliminate these impacts. Include a list of all migratory birds that could occur where the project is located:

10. Protection of Wetlands:

Does any portion of the project boundaries contain areas that should be evaluated for wetland delineation or require a permit from the United States Army Corps of Engineers?

No. Provide the basis for such a determination:

Yes. Describe the impacts to wetlands, potential wetland areas, and other surface waters, and the avoidance, minimization, and mitigation measures to reduce such impacts. Provide the status of the permit and information on permit requirements:

11. Wild and Scenic Rivers Act:

Identify watershed where the project is located: _____

Is any portion of the project located within a wild and scenic river?

No. The project will not impact a wild and scenic river.

Yes. Identify the wild and scenic river watershed and project location relative to the affected wild and scenic river:

12. Safe Drinking Water Act, Sole Source Aquifer Protection:

Is the project located in an area designated by the United States Environmental Protection Agency, Region 9, as a Sole Source Aquifer?

No. The project is not within the boundaries of a sole source aquifer.

Yes. Contact USEPA, Region 9 staff to consult, and identify the sole source aquifer (e.g., Santa Margarita Aquifer, Scott’s Valley, the Fresno County Aquifer, the Campo/Cottonwood Creek Aquifer or the Ocotillo-Coyote Wells Aquifer) that will be impacted:

13. Environmental Justice:

Does the project involve an activity that is likely to be of particular interest to or have particular impact upon minority, low-income, or indigenous populations, or tribes?

No. Selecting “No” means that this action is not likely to be of any particular interest to or have an impact on these populations or tribes. Explain.

Yes. If you answer yes, please check at least one of the boxes and provide a brief explanation below:

The project is likely to impact the health of these populations.

The project is likely to impact the environmental conditions of these populations.

The project is likely to present an opportunity to address an existing disproportionate impact of these populations.

The project is likely to result in the collection of information or data that could be used to assess potential impacts on the health or environmental conditions of these populations.

The project is likely to affect the availability of information to these populations.

Other reasons, describe: _____

Briefly explain the answer:

State Water Resources Control Board
Division of Financial Assistance (Division)
Financial Assistance Credit Review Checklist

Applicant Name: _____

Project Name: _____

Project Number: _____

A Preliminary Funding Commitment (PFC) will not be approved until the Credit Review documents listed below have been submitted, reviewed, and a credit limit determined for the applicant by the Division. The following list of required documents is to be provided to the Division.

Item No.	Description of Document (March 2009 CWSRF Policy Section)
1	Estimated Project construction and annual Operations & Maintenance costs (IX.A.6)
2	Project costs financed by the CWSRF and other fund sources (IX.A.10.c)
3	MHI for the Project service area (IX.A.2.a)
4	Project Description, Location and service area map (IX.A.2 and IX.A.10)
5	Project Benefits (IX.A.1)
6	Total of active service connections (Residential listed separately) (IX.A.2.b)
7	Current monthly residential service charges (IX.A.2.c)
8	Projected monthly residential service charges (after funding) (IX.A.10.d)
9	Legal opinion on Proposition 218 & Pledged Revenue (IX.E.1)
10	Draft or Adopted Dedicated Source of Net revenues Resolution (IX.E.2)
11	Other security, if any (IX.E.3.c)
12	Financial Statements (3 years – including most recent) (IX.E.3.a)
13	Cash reserves and uses (IX.E.3.b)
14	Schedule of System Obligations (IX.E.5)
15	Bond Counsel Legal Opinion on System Obligations (IX.E.5.c)
16	Debt Documents (IX.E.5.d)
17	Legal Opinion on Litigation, Disputes, Audits (IX.E.4)
18	Future Capital Improvements / long term indebtedness (IX.E.6)

Description of items required on Credit Review Checklist:

Estimated Costs, CWSRF Funding, Other Sources of Funds Amounts, and MHI

1. The estimated construction and annual Operation and Maintenance (O&M) costs;
2. A description of the anticipated manner in which all the costs will be financed; and
3. Median Household Income (MHI) and population for the proposed Project service area using census data or the most recent income survey if the census data does not accurately reflect the community's MHI. This information is used to analyze various factors, including affordability (*if applicant does not have credit review consultant, the Division will research and provide MHI information as part of its Credit Results*).

Project Description, Location, and Benefits

4. Description of project, project location and a map of existing service area;
5. Statement of Project needs and benefits, including a discussion of the water quality benefits of the Project and the public health or water quality problems to be corrected.

Total Active Service Connections

6. Active wastewater service connections that are currently and directly served by the wastewater collection system. This includes a breakdown by each category for all domestic or residential, industrial, commercial and other connections.

Average Current Monthly Wastewater Charges

7. If the wastewater system uses a "tiered" rate, the charge should reflect what a typical user pays in each category and the basis of the charges. The rate should reflect direct wastewater charges plus any other fees or charges that support the wastewater service such as parcel fees, standby charges, wastewater taxes, and surcharges.

Projected Monthly Residential Service Charge (Project Constructed)

8. Provide the average projected monthly wastewater charges that will be passed on to wastewater users by category and the basis of the charges during the useful life of the proposed Project. Include any ineligible project costs as well as non-Project-related wastewater system costs that will be imposed on the residential users during the next five years.

Proposition 218 and Pledged Revenue Legal Opinion

9. Please submit a legal opinion with regard to repayment sources:
 - a. If user charges may be used for repayment, please submit letter from counsel addressing the following:
 1. Date of mailing notice to ratepayers;
 2. Date of last rate-setting hearing; and
 3. Certifying that the most recent rate setting proceedings were in compliance with the substantive and procedural requirements of Proposition 218.
 - b. For all funds used for repayment, please include in the letter from counsel the following information:
 4. Citations to the relevant laws authorizing use of such funds and any conditions, and
 5. Information about whether any pre-conditions to such use (election, etc.) has occurred.

Also submit for the most recent Proposition 218 rate process, the number of rate payers noticed and number of protests received either in writing or at a public hearing. If applicant is still working on a rate increase, provide a schedule of key events and the details of the proposed Proposition 218 rate increase.

Draft or Adopted Dedicated Source of Net Revenues

10. Submit a draft or adopted resolution dedicating net revenues for repayment of CWSRF financing. An adopted resolution will be due prior to entering into a CWSRF financing agreement. Net revenues means net revenues of System. See enclosed Schedule of System Obligations (Attachment 18) for definition of System.

Other Sources of Security

11. The applicant shall identify other sources of security, if any, the value of any such security, and whether such security is currently pledged to another financing.

Financial Statements and Security (3 years, including most recent)

12. The applicant shall provide three years of financial statements. The financial statements must include current year (if available), and two years prior (Audited financial statements are preferred).

Cash Reserves and Uses

13. The applicant shall identify any cash reserves and the planned uses of the cash reserves shown in the financial statements.

Schedule of System Obligations (SSO), Bond Counsel Opinion, and Debt Documents

14. Please submit a completed SSO for your projects (see next page for form). The SSO will be an exhibit to the CWSRF financing agreement and will rank existing debt according to priority in relation to the new, anticipated CWSRF debt (senior, parity, or subordinate). Most CWSRF recipients will place an "N/A" in the box for senior debt, unless existing debt expressly precludes additional debt parity. The SSO will list the name of lender, title of debt, debt term, interest rate, total debt amount, remaining debt balance, and debt end date.

15. The applicant shall submit a letter from the Agency's bond counsel, representing that counsel has reviewed the CWSRF financing agreement template posted online and citing relevant provisions in each of the applicant's existing debt documents listed in the SSO (including CWSRF debts), that would affect the ability of the Agency to agree to and meet its obligations under the proposed CWSRF financing agreement (the template for the CWSRF financing agreement can be found at

http://www.waterboards.ca.gov/water_issues/programs/grants_loans/srf/docs/cwsrf/cwsrf_ctrct_tmplte.pdf). The bond counsel must provide an opinion about any conditions in existing debt(s) that would affect the applicant's ability to agree to and meet its obligations under the CWSRF financing agreement (provide legal citations for reference) and whether/how those conditions have been met. If the applicant has no other debts (except other CWSRF debt), the Agency's Authorized Representative must provide a letter stating these facts.

16. For all System debt (other than CWSRF debt), the applicant shall submit the relevant debt document (loan agreement, bond indenture, installment sales agreement, etc.) by either CD or paper copy. The applicant may be required to submit supplemental materials.

Litigation, Disputes, and Audits Legal Opinion

17. The applicant's attorney shall describe any pending or anticipated litigation, contractual or ratepayer/taxpayer disputes, and/or adverse audit findings by outside auditors (including commercial and government auditors, grand juries, or other similar entities acting in a formal capacity) related to the system, the project or the project property that may detrimentally affect the applicant's payment source, the ability of the applicant to agree to or pay the CWSRF financing or manage and implement the project financed by the CWSRF Program. Particular emphasis should be placed on timeframes and potential financial exposure.

Future Capital Improvements and Long-Term Indebtedness Needs

18. The applicant must describe its capital improvement plans and the long-term indebtedness needed to fund future capital improvements.

SCHEDULE OF SYSTEM OBLIGATIONS

The following outstanding Local debts are senior to this Financing Agreement.

Attach.	Name of Lender & Title of Debt	Project No.	Debt Term (yr)	Interest Rate	Total Debt Amount	Remaining Debt Balance	Debt End date	Annual Payment Amount
A								

The following debts are on parity to this Financing Agreement.

Attach.	Name of Lender & Title of Debt	Project No.	Debt Term (yr)	Interest Rate	Total Debt Amount	Remaining Debt Balance	Debt End date	Annual Payment Amount

The following debts are subordinate to this Financing Agreement.

Attach.	Name of Lender & Title of Debt	Project No.	Debt Term (yr)	Interest Rate	Total Debt Amount	Remaining Debt Balance	Debt End date	Annual Payment Amount

Note: A part of the Financing Agreement is the Schedule of System Obligations (SSO).

“System” means for the purposes of a wastewater project, all wastewater collection, transport, treatment, storage and disposal facilities, including land and easements thereof, owned by the applicant, including the proposed Project, and all other properties, structures or works hereafter acquired and constructed by the applicant and determined to be a part of the System, together with all additions, betterments, extensions or improvements to such facilities, properties, structures or works of any part thereafter acquired and constructed. For purposes of a water recycling project, “System” means all wastewater, water recycling, and/or potable water collection, transport, treatment, storage and and/or disposal facilities, including land and easements thereof, owned by the applicant, including the proposed Project, and all other properties, structures or works hereafter acquired and constructed by the applicant and determined to be a part of the System, together with all additions, betterments, extensions or improvements to such facilities, properties, structures or works of any part thereafter acquired and constructed.

Each attachment listed above is the corresponding repayment or maturity schedule for that obligation. The SSO is a listing of all current outstanding System debt (including CWSRF debts) for the Agency’s wastewater entity with the following information describing the relationship of the debts with respect to all CWSRF financing agreement(s) as senior, parity, or subordinate. Also, the Agency will need to submit a letter from the Agency’s bond counsel addressing any conditions or prohibitions in existing debt (except other CWSRF debts) that would affect the ability of the Agency to enter into and meet its obligations under the CWSRF financing agreement. Debts addressed by counsel should match those listed in the SSO. If the applicant does not have other debts (except other CWSRF debts), the Agency’s Authorized Representative must provide a letter stating this. The Agency’s SSO will include: name of lender; title of debt, debt term, interest rate, total debt amount; remaining debt balance; and debt end date. Most CWSRF applicants will place an “N/A” in the box for senior debt, unless existing system debt expressly precludes additional parity debt. For all debts other than existing CWSRF debts, include maturity schedules and debt instruments (bond documents, loan agreements, etc.) on a CD or paper copy. All information submitted will be reviewed by SWRCB Legal and Credit Review staff for compliance with CWSRF Program requirements.

**STATE WATER RESOURCES CONTROL BOARD
CLEAN WATER STATE REVOLVING FUND PROGRAM
TAX QUESTIONNAIRE (Version November 2011)**

LEGAL NAME OF APPLICANT

CWSRF Project No.

DATE/TIME REC'D BY
SWRCB

Instructions: Answer all and provide all information and documents requested. Begin typing in the shaded area and the space will enlarge to accommodate the information that is typed. In lieu of typing in the shaded areas for any question, a separate page may be attached to this Tax Questionnaire or an electronic file in any format (e.g., Word, WordPerfect, Excel, etc.) may be attached.

Certain Definitions: As used in this Tax Questionnaire, "Project" means the facilities and/or capital improvements that you described in the Financial Assistance Application submitted to the State Water Board and constitutes those costs that will be funded by the State Water Board under the Financing Agreement (a template Financing Agreement can be found on the State Water Board's website), "Governmental Entity" means a state, city, county, town, public school district, other special district or joint powers authority, and "Non-Governmental Entity" means any person, partnership, corporation or other organization that is not organized as a state, city, county, town, public school district, other special district or joint powers authority. The federal government constitutes a Non-Governmental Entity. A Section 501(c)(3) organization constitutes a Non-Governmental Entity.

1. Briefly describe the Project, its functions and its principal components.

2. Indicate by principal components your current estimates of the costs of the Project, as follows:

- | | | |
|----|--|----------|
| a. | Construction costs | \$ _____ |
| b. | Equipment costs | \$ _____ |
| c. | Rehabilitation or renovation of facilities | \$ _____ |
| d. | Site preparation costs | \$ _____ |
| e. | Architectural/engineering, design and planning costs | \$ _____ |
| f. | Engineering and administrative costs during construction | \$ _____ |
| g. | Surveys | \$ _____ |
| h. | Legal fees | \$ _____ |
| i. | Financing costs | \$ _____ |
| j. | Commitment fees and deposits | \$ _____ |
| k. | Other costs (please specify) | \$ _____ |

3. Will any portion of the financing provided under the Financing Agreement be used to refinance other debt(s) (e.g., including any bonds, notes, leases or commercial paper) relating to the Project?

- Yes No Not Applicable

4. If you answered "yes" to Question #3, please state the amount of financing provided under the Financing Agreement that is expected to be used for refinancing purposes.

\$ _____

5. If you answered "yes" to Question #3, please specify the date(s) on which the financing provided under the Financing Agreement will be used to redeem other debt(s) relating to the Project.

6. If you answered “yes” to Question #3, please provide the following information:

- a. Name of the existing indebtedness to be refinanced _____
- b. Issue date of the existing indebtedness _____
- c. Par amount of the existing indebtedness _____
- d. Purpose(s) of the existing indebtedness _____
- e. Whether the existing indebtedness is immediately prepayable _____
- f. Whether the interest on the existing indebtedness is federally taxable or tax-exempt _____

7. If you answered “yes” to Question #3, are any proceeds of the other debt(s) relating to the Project still unspent?

- Yes No Not Applicable

If yes, please identify the amounts and the funds or accounts in which such proceeds are on deposit.

8. If you answered “yes” to Question #3, was the other debt(s) to be refinanced with the financing provided under the Financing Agreement used to refinance other prior debt(s) relating to the Project?

- Yes No Not Applicable

If yes, please provide the name of the original indebtedness, the issue date of the original indebtedness, the par amount of the original indebtedness, the purpose(s) of the original indebtedness, and whether the interest on the original indebtedness was federally taxable or tax-exempt.

9. Will any portion of the financing provided under the Financing Agreement be used for new financing of the Project?

- Yes No Not Applicable

10. If you answered “yes” to Question #9, please provide the dates of expected commencement and completion of construction of the Project.

Expected Commencement Date of Project:....._____

Expected Completion Date of Project:....._____

11. If you answered “yes” to Question #9, please state the amount of the financing provided under the Financing Agreement that is expected to be used for new financing purposes. If you answered “no” to Question #9, skip to Question #18 below.

\$_____

12. If you answered “yes” to Question #9, please state the amount of Project costs to be newly financed under the Financing Agreement that are expected to be paid within the following periods of time:

Please respond to this question using the expected initiation date of construction.

Project costs to be spent within 6 months..... \$_____

Project costs to be spent within 12 months (cumulative) \$_____

Project costs to be spent within 18 months (cumulative) \$_____

Project costs to be spent within 24 months (cumulative) \$_____

Project costs to be spent within 30 months (cumulative) \$_____

Project costs to be spent within 36 months (cumulative) \$_____

Project costs to be spent *beyond* 36 months (cumulative)..... \$_____

13. If you answered "yes" to Question #9, have you paid any costs of the Project prior to the date hereof?

Yes No Not Applicable

For each Project cost that has been previously paid, please provide an itemization of the following:

- a. Amount of the payment..... _____
- b. Purpose of the payment..... _____
- c. Date of the Payment..... _____
- d. Source of payment of such cost (*e.g.*, revenue, federal or state grants, other financing, internal loan)..... _____

14. If you answered "yes" to Question #13, have you at any time adopted a resolution or other official action (*e.g.*, a so-called "reimbursement resolution") relating to your intent to finance the Project with financial assistance from the State Water Board or other indebtedness?

Yes No Not Applicable

If yes, please identify the date of such resolution or other document and attach a copy.

15. If you answered "yes" to Question #9, will any portion of the financing provided under the Financing Agreement be used to pay administrative or engineering expenses directly relating to the construction of the Project?

Yes No Not Applicable

If yes, please state the amount expected to be so used and provide details as to its calculation (*e.g.*, based on actual costs or a percentage of construction).

16. If you answered "yes" to Question #15, will any portion of the administrative or engineering expenses directly relating to the construction of the Project be incurred by the staff of the Applicant?

Yes No Not Applicable

If yes, please state the amount expected to be so used and provide details as to its calculation (*e.g.*, based on actual costs or a percentage of construction).

17. If you answered "yes" to Question #16, will the administrative or engineering expenses directly relating to the construction of the Project be tracked by an accounting system, such as a cost accounting system, that will allow them to be differentiated from other charges for other work done by the applicant's staff?

Yes No Not Applicable

If yes, please specify how charges will be tracked.

18. Does any Non-Governmental Entity own, or do you anticipate any Non-Governmental Entity owning, any portion of the Project at any time during the term of the financing?

Yes No Not Applicable

If yes, identify the Non-Governmental Entity and provide all available details with respect to its ownership interest.

19. Does any Non-Governmental Entity lease, or do you anticipate any Non-Governmental Entity leasing, any portion of the Project at any time during the term of the financing?

Yes No Not Applicable

If yes, identify the Non-Governmental Entity and provide all available details with respect to its lease interest.

20 Have you entered, or do you anticipate entering, into any inter-municipal contract or agreement(s) with any Governmental Entity with respect to the Project (or any portion of the Project) during the term of the financing?

Yes No Not Applicable

If yes, please describe the purpose of each such agreement, and attach a copy of any existing or contemplated agreement.

21. Have you entered, or do you anticipate entering, into any contract or agreement any Non-Governmental Entity contracting to operate, manage or provide any exclusive services with respect to the Project (or any portion of the Project) during the term of the financing?

Yes No Not Applicable

If yes, please identify the Non-Governmental Entity and explain the arrangement. If an operations, management or exclusive services contract currently exists, please attach a copy. Contracts that relate solely to services that are merely incidental to the primary use of the Project need not be listed. Examples of incidental services are contracts for janitorial services, office equipment repairs or billing services. If you are uncertain as to whether the contract is incidental or not, please describe the contract and the services provided thereunder.

22. Does the Project provide, or do you anticipate the Project providing, water or wastewater services to any Non-Governmental Entity other than on the basis of standard rates and charges which are generally applicable and uniformly applied and are adjusted from time to time by the Applicant?

Yes No Not Applicable

If there are or will be any non-standard rates and charges, describe the rate structure, focusing on any special rate agreements or charges for specific entities. An example of a non-standard rate is an industrial user paying a flat fee in a system where the other users pay a rate based on usage.

23. Does any Non-Governmental Entity have, or do you anticipate any Non-Governmental Entity having, special priority rights or other preferential rights to use the Project or the services of the Project pursuant to any contractual or other arrangement?

Yes No Not Applicable

If yes, please identify the Non-Governmental Entity, and describe the special priority or preferential right(s).

24. Are the functions and services of the entire Project available, and do you expect the functions and services of the entire Project will be available, for use by the general public on a first-come, first-served basis?

Yes No Not Applicable

If no, please explain and describe the portion of the Project that is not, or will not, be available for use by the general public. For example, municipal water and wastewater systems used for residential, commercial, governmental and business purposes are available for use by the general public; a specialized pollution control facility immediately adjacent to a private business that is the sole user of the facility is not available for use by the general public.

25. Have you entered, or do you anticipate entering, into a “take” or “take-or-pay” contract with any Non-Governmental Entity for use of any portion of the Project or the services of the Project?

Yes No Not Applicable

If yes, please identify the Non-Governmental Entity, and describe the arrangement therewith. If a take or a take-or-pay contract currently exists, please attach a copy.

26. Will any Non-Governmental Entity guarantee or otherwise be directly obligated to repay the financial assistance provided under the Financing Agreement?

Yes No Not Applicable

If yes, please identify the Non-Governmental Entity, and describe the guarantee arrangement therewith.

27. Have you received, or do you expect to receive, any grant or other form of assistance for financing of any portion of the Project from the State of California, the federal government or any other entity or person?

Yes No Not Applicable

CERTIFICATION FOR COMPLIANCE WITH WATER METERING REQUIREMENTS FOR FUNDING APPLICATIONS

In 2004, Assembly Bill 2572 added section 529.5 to the Water Code, providing that, commencing January 1, 2010, urban water suppliers must meet certain volumetric pricing and water metering requirements in order to apply for permits for new or expanded water supply, or state financial assistance for the following types of projects:

1. wastewater treatment projects
2. water use efficiency projects (including water recycling projects)
3. drinking water treatment projects

For the purposes of compliance with Section 529.5, a “water use efficiency project” means an action or series of actions that ensure or enhance the efficient use of water or result in the conservation of water supplies.

Please consult with your legal counsel and review sections 525 through 529.7 of the Water Code before completing this certification. Do NOT modify the Compliance with Water Metering Certification form other than adding the Agency Name, Project Title, Name of Authorized Representative, and Title.

Applicants Affected

This requirement applies to urban water suppliers.

"Urban water supplier" means a supplier, either publicly or privately owned, providing water for municipal purposes either directly or indirectly to more than 3,000 customers or supplying more than 3,000 acre-feet of water annually. An urban water supplier includes a supplier or contractor for water, regardless of the basis of right, which distributes or sells for ultimate resale to customers.

When Certification is Required

State Water Resources Control Board (State Water Board): The application for financial assistance must include a completed and signed certification form demonstrating compliance with the water metering requirements.

Department of Water Resources (DWR) funding applications: This certification must be completed and submitted with the funding application. Check the specific proposal solicitation package for directions on applicability and submittal instructions.

Department of Public Health (DPH) Safe Drinking Water State Revolving Fund Program: This certification must be completed and submitted with the executed Notice of Acceptance of Application (NOAA).

CERTIFICATION FOR COMPLIANCE WITH WATER METERING REQUIREMENTS FOR FUNDING APPLICATIONS

Funding Agency name: State Water Resources Control Board

Funding Program name: Clean Water State Revolving Fund

Applicant (Agency name): City of Name

Please check one of the boxes below and sign and date this form.

As the authorized representative for the applicant agency, I certify under penalty of perjury that the agency is not an urban water supplier, as that term is understood pursuant to the provisions of section 529.5 of the Water Code.

As the authorized representative for the applicant agency, I certify under penalty of perjury that the applicant agency has fully complied with the provisions of Division 1, Chapter 8, Article 3.5 of the California Water Code (sections 525 through 529.7 inclusive) and that the ordinances, rules, or regulations submitted with this certification as listed below have been duly adopted and are in effect as of this date.

I understand that the Funding Agency will rely on this signed certification in order to approve funding and that false and/or inaccurate representations in this Certification Statement may result in loss of all funds awarded to the applicant for its project. Additionally, for the aforementioned reasons, the Funding Agency may withhold disbursement of project funds, and/or pursue any other applicable legal remedy.

Dedicated Source of Revenue Resolution Instructions

- A. Clean Water State Revolving Fund (CWSRF) and Water Recycling Funding Program (WRFP) requirements require each recipient to establish one or more dedicated sources of revenue for repayment of the CWSRF and/or WRFP assistance (except for grants).
- B. If the recipient plans to use any combination of or portion of user fees/charges or connection fees/charges for repayment, the dedicated source should be **net revenues**. This is consistent with typical financial industry standards. Other types of dedicated source(s) which may be acceptable include: special assessment, general taxes, general obligation bonds, or revenue bonds.
- C. You should provide a draft Dedicated Source of Revenue Resolution with the credit review package. The final resolution must be adopted before the financing agreement is issued. Ordinance or resolution language equivalent to the following would be acceptable in most cases:

1. The (Agency Name) hereby dedicates net revenues to payment of any and all Clean Water State Revolving Fund and/or Water Recycling Funding Program financing for Project Name Project No. C-06-XXXX. This dedicated source of net revenues shall remain in effect throughout the term of such financing unless modification or change of such dedication is approved in writing by the State Water Resources Control Board.

CERTIFICATION

I do hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted at a meeting of the (Governing Board of the Agency) held on (Date).

(Seal)

(Name & Signature of the Clerk or Authorized Record Keeper of the Governing Board of the Agency)

**Certification of Compliance
With Federal Laws and Authorities**

The Applicant certifies that it is familiar with, understands, and will comply with the following federal laws applicable to recipients of CWSRF funding. The Applicant further certifies that it will consult with its own attorney in making the above certification. The Applicant understands that these conditions, or conditions like them, will be incorporated into the final financing agreement.

Reimbursement Resolution

WHEREAS, the _____ (*Agency Name*) (the "Agency") desires to finance the costs of constructing and/or reconstructing certain public facilities and improvements relating to its water and wastewater system, including certain treatment facilities, pipelines and other infrastructure (the "Project"); and

WHEREAS, the Agency intends to finance the construction and/or reconstruction of the Project or portions of the Project with moneys ("Project Funds") provided by the State of California, acting by and through the State Water Resources Control Board (State Water Board); and

WHEREAS, the State Water Board may fund the Project Funds with proceeds from the sale of obligations the interest upon which is excluded from gross income for federal income tax purposes (the "Obligations"), and

WHEREAS, prior to either the issuance of the Obligations or the approval by the State Water Board of the Project Funds the Agency desires to incur certain capital expenditures (the "Expenditures") with respect to the Project from available moneys of the Agency; and

WHEREAS, the Agency has determined that those moneys to be advanced on and after the date hereof to pay the Expenditures are available only for a temporary period and it is necessary to reimburse the Agency for the Expenditures from the proceeds of the Obligations.

NOW, THEREFORE, THE AGENCY DOES HEREBY RESOLVE, ORDER AND DETERMINE AS FOLLOWS:

SECTION 1. The Agency hereby states its intention and reasonably expects to reimburse Expenditures paid prior to the issuance of the Obligations or the approval by the State Water Board of the Project Funds.

SECTION 2. The reasonably expected maximum principal amount of the Project Funds is \$ _____.
{Remove this Note when completing the Resolution: Please include the maximum reasonable project amount. Your SRF financing agreement will not exceed this amount under any circumstances.}

SECTION 3. This resolution is being adopted no later than 60 days after the date on which the Agency will expend moneys for the portion of the Project costs to be reimbursed with Project Funds.

SECTION 4. Each Agency expenditure will be of a type properly chargeable to a capital account under general federal income tax principles.

SECTION 5. To the best of our knowledge, this Agency is not aware of the previous adoption of official intents by the Agency that have been made as a matter of course for the purpose of reimbursing expenditures and for which tax-exempt obligations have not been issued.

SECTION 6. This resolution is adopted as official intent of the Agency in order to comply with Treasury Regulation §1.150-2 and any other regulations of the Internal Revenue Service relating to the qualification for reimbursement of Project costs.

SECTION 7. All the recitals in this Resolution are true and correct and this Agency so finds, determines and represents.
