

## 2009/2010 Clean Water State Revolving Fund Project Priority List

The Division of Financial Assistance (Division) will be updating the Clean Water State Revolving Fund (CWSRF) Program Project Priority List (PPL) for State Fiscal Year 2009/2010. This year the CWSRF Program PPL will use the Financial Assistance Application Submittal Tool ([FAAST](#)) to accept all additions, deletions, and changes to the PPL. Even if your project is already listed on the [2008/2009 CWSRF PPL](#), it is imperative that you log into FAAST to update your information. For the complete 2008/2009 CWSRF PPL adoption schedule please see the [Adoption Schedule](#)

The DFA staff updates and publishes the CWSRF Program PPL each state fiscal year in accordance with the Clean Water Act and Federal regulations. **Your project must appear on the State Water Resources Control Board (State Water Board) adopted PPL to be eligible to receive financial assistance.** CWSRF funds can be used for construction of wastewater treatment and water reclamation facilities, correction of non-point source and storm drainage pollution problems, and implementation of estuary enhancement activities.

The initial update period for the 2009/2010 CWSRF Program PPL starts on January 27, 2009. Please see the attached schedule for important activities and dates related to the PPL. The Final PPL will be considered for adoption by the State Water Board in June 2009.

For **applicants who have a FAAST account**, and used the FAAST System last year, please log into FAAST, update your project's information, and complete the new questionnaire.

For **applicants with existing projects** on the adopted 2008/2009 CWSRF Program\_PPL, who did not use the FAAST System last year, please select [Instructions for Existing Projects](#) and follow the directions to update your project questionnaire.

For **applicants with new projects NOT** on the 2008/2009 CWSRF PPL, please select [Instructions for New Projects](#) and follow the directions to add your projects to the Priority List.

This is a questionnaire for the CWSRF PPL. **This is not an application for CWSRF Program financing. All applicants must submit a separate application to receive financing from the CWSRF Program, and only projects on the adopted PPL may receive financial assistance.**

To receive notifications regarding the CWSRF Program, please go to the State Water Board [Email List Subscription](#) page and select "Clean Water State Revolving Fund" and "Priority Lists and Grant Bulletins."
