

**AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009
SECTION 1511 CERTIFICATION**

**Inland Empire Utilities Agency
Regional Plant No. 1 Dewatering Facility Expansion
Project No.: C-06-5327-110**

The authorized representative of the State Water Resources Control Board hereby certifies, and/or affirms that the Regional Plant No. 1 (RP-1) Dewatering Facility Expansion (Project) has received the full review and vetting required by law and that such representative accepts responsibility that the Project is an appropriate use of taxpayer dollars. Subject to the provisions of the Financing Agreement, the following general description is provided in order to comply with Section 1511 of American Recovery and Reinvestment Act of 2009 (ARRA):

- **Project description:** The Project will replace the sludge dewatering system at the RP-1. The proposed Project will reduce the weight of material hauled from the RP-1 site to the composting facility. Four centrifuges will be installed. A new building will be erected to house the new centrifuges. Dewatered sludge from the centrifuges will be conveyed through screw conveyors to storage silos. The silo storage system will be capable of holding approximately 11,000 cubic feet of dried sludge.
- **Estimated total cost of the Project:** The estimated reasonable cost of the total Project is twenty seven million five hundred seventy nine thousand and no cents (\$27,579,000).
- **Type of assistance:** Long term financing
- **Estimated amount of ARRA funds to be used:** Twenty seven million forty three thousand and no cents (\$27,043,000).
