

VOLUME II

CALIFORNIA MANAGEMENT MEASURES FOR POLLUTED RUNOFF (CAMMPR)

**State Water Resources Control Board
California Coastal Commission**

January 2000

TABLE OF CONTENTS

Introduction.....	1
Implementing Agencies for Coastal Zone Act Reauthorization Amendments of 1990 (CZARA) Management Measures.....	5

MANAGEMENT MEASURES

Page No.	
1.0 MANAGEMENT MEASURES FOR AGRICULTURAL SOURCES	6
1A Erosion and Sediment Control	9
1B Facility Wastewater and Runoff from Confined Animal Facilities (all units)	12
1C Nutrient Management	14
1D Pesticide Management	18
1E Grazing Management	24
1F Irrigation Water Management	26
1G Education/Outreach	29
2.0 MANAGEMENT MEASURES FOR FORESTRY	32
2A Preharvest Planning	35
2B Streamside Management Areas	39
2C Road Construction/Reconstruction	41
2D Road Management	43
2E Timber Harvesting	45
2F Site Preparation and Forest Regeneration	48
2G Fire Management	50
2H Revegetation of Disturbed Areas	52
2I Forest Chemical Management	54
2J Wetlands Forest	56
2K Postharvest Evaluation	57
2L Education/Outreach	58
3.0 MANAGEMENT MEASURES FOR URBAN AREAS	59
3.1 Runoff from Developing Areas	
A Watershed Protection	62
B Site Development	65
C New Development	65
3.2 Runoff from Construction Sites	
A Construction Site Erosion and Sediment Control	66
B Construction Site Chemical Control	69
3.3 Runoff from Existing Development	
A Existing Development	70
3.4 Onsite Disposal Systems	
A New Onsite Disposal Systems	72
B Operating Onsite Disposal Systems	75
3.5 Transportation Development: Roads, Highways and Bridges	
A Planning, Siting, and Developing Roads and Highways	76
B Bridges	76
C Construction Projects	76
D Construction Site Chemical Control	79
E Operation and Maintenance	80
F Road, Highway, and Bridge Runoff Systems	80
3.6 Education/Outreach	
A Pollution Prevention/Education: General Sources	81

4.0	MANAGEMENT MEASURES FOR MARINAS & RECREATIONAL BOATING	84
4.1	Assessment, Siting and Design	
A	Water Quality Assessment	87
B	Marina Flushing	87
C	Habitat Assessment	87
D	Shoreline Stabilization	87
E	Storm Water Runoff	91
F	Fuel Station Design	92
G	Sewage Facilities	94
H	Waste Management Facilities	96
4.2	Operation and Maintenance	
A	Solid Waste Control	98
B	Fish Waste Control	98
C	Liquid Material Control	102
D	Petroleum Control	102
E	Boat Cleaning and Maintenance	107
F	Maintenance of Sewage Facilities	110
G	Boat Operation	115
4.3	Education/Outreach	
A	Public Education/Outreach	116
5.0	MANAGEMENT MEASURES FOR HYDROMODIFICATION	119
5.1	Channelization and Channel Modification	
A	Physical and Chemical Characteristics of Surface Waters	122
B	Instream and Riparian Habitat Restoration	122
5.2	Dams	
A	Erosion and Sediment Control	127
B	Chemical and Pollutant Control	127
C	Protection of Surface Water Quality and Instream and Riparian Habitat	127
5.3	Streambank and Shoreline Erosion	
A	Eroding Streambanks and Shorelines	122
5.4	Education/Outreach	
A	Educational Programs	128
6.0	MANAGEMENT MEASURES FOR WETLANDS, RIPARIAN AREAS, & VEGETATED TREATMENT SYSTEMS	130
A	Protection of Wetlands and Riparian Areas	132
B	Restoration of Wetlands and Riparian Areas	132
C	Vegetated Treatment Systems	132
D	Education/Outreach	137
