**RE:** Review of the Toxics TMDL for Dominguez Channel and LA and LB Harbor Waters

Dear Dr. Bowes,

Attached you will find my review of the Toxics TMDL for Dominguez Channel and LA and LB Harbor Waters. I have used my professional judgment to determine whether the various elements of the TMDL are scientifically sound. There are numerous issues with the proposed TMDL as described in more detail in the attachment. My review is based solely on the documents provided to me.

If you have any questions or comments, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read "Arturo A. Keller".
