PRELIMINARY DRAFT CONSTRUCTION STORMWATER PERMIT

Dear Ms. Her and Members of the Board:

Thank you for this opportunity to provide comments on the March 2007 Preliminary Draft Construction General Permit in follow-up to the workshop in Rancho Cucamonga on April 17. As a Phase I municipality, we would like to express our support of all the points raised in the comment letter being separately submitted by the California Stormwater Quality Association (CASQA). We believe the requested changes would result in a more realistic framework for controlling stormwater discharges from construction sites in an appropriate and cost-effective manner. Additional comments may be developed by us in more detail after the current draft is updated and released for public comment.

Sincerely,

Nancy R. Palmer
Sr. Watershed Manager
