

March 2<sup>nd</sup>, 2011

Jeanine Townsend, Clerk to the Board  
State Water Resources Control Board  
1001 I Street, 25<sup>th</sup> floor  
Sacramento CA. 95814

Dear Ms. Townsend:

**Subject: Comment on the Draft Industrial General Permit Order.  
Section VII.B.1, page 16, to be a "Qualified SWPPP Developer"**

My name is Greg Chilingirian, employee for the City of LA, Bureau of Sanitation. I am a California Registered Mechanical Engineer, since 1975, in charge for the Storm Water related duties, such as, developing and making amendments for several SWPPP documents (12 Municipal and 6 Industrial)

My question is: Why a Registered Mechanical Engineer is excluded from becoming a Qualified SWPPP Developer (QSD)?  
I have been working with all types of Hydraulic problems for more than 40 years.

Could you please include that classification on the list, in Section VII.B.1, before the final GISP Order is released?

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Chilingirian". To the right of the signature, the date "3/2/11" is written.
