The course will review material contained in the CPESC examination.
Any individual may attend the course. Approval by CPESC, Inc. is required to sit for the exam.
Certification is obtained via a specific process.
For more information visit: www.cpesc.org

PURPOSE OF PROGRAM

The public demands evidence of professional competence from persons whose activities affect the physical and economical well being of people throughout the world. Such professionals increasingly must be able to show evidence of their qualifications. The CPESC, Inc. certifies individuals based on thorough examination and review of an individual's educational, scientific and service activities in both the public and private sector. CPESC, Inc. has developed standards and procedures for certifying persons qualified to practice in the field of erosion and sediment control.
