Moving boat and equipment downstream to a new seining location. Location approximately 1/4 mi. downstream from the confluence of Prairie Creek with Redwood Creek.

This seining operation was to attempt capture of King Salmon for the Humboldt County Fish Hatchery egg supply. On this day, 4 KS "jacks" and one female KS were seized. Various areas were seined between the mouth of Prairie Creek and the Highway 101 bridge. Photo by John S. Doy Oct. 30, 1964.
