

Attachment A. R5 Watershed Condition Assessment Data Summary

N. Province Category 1 watersheds meeting "managemet.-constrained"

note: For indicators ratings represented by column headings [a,b,c,d]

note: For indicators ratings represented by column headings [e,f,g,h,i,j,k]

note: composit condition category represented by column heading [d+k]

1 = low threat or hazard

1 = high intergity/functioning

I = functioning

2 = moderate threat or hazard

2 = moderate integrity/at-risk

II = at-risk

3 = high threat or hazard

3 = low integrity/impaired

III = non-functional/impaired
