Subject: Region 9 2008 Integrated Report - Update December 9, 2009

This is a message from the California Regional Water Quality Control Board, San Diego Region 9.

To All Interested Parties.

The REVISED draft Integrated Report and associated appendices are now available on the Regional Board's website. The format of the report and appendices are similar to the September 2009 documents. I have added a Table of Changes since Sept 2, 2009 which highlights the changes we've made in response to your comments and an Integrated Report - Errata which highlight the changes we've made since December 7, 2009 but were not yet been captured in the State Boards database and not in the reports I generated from the database Monday morning.

Go to the link below and look under announcements for the 305(b)/303(d) Integrated Report. (If you plan on printing out the tables, App A is about 40 pages, App B about 70 pages, and the Response to Comments 217 pages.)

If you wish to view the comments letters, the letters are also available under Agenda Item #10 from the November 2009 agenda.

Agenda Item 15 for this months Regional Board meeting has been updated with a Revised EOSR and Supporting Documents.

If you have any questions, feel free to call or send an email.
