Informational Workshop on Permanent Closure of Single-Walled Underground Storage Tanks and State Water Resources Control Board Funding Opportunities for Closure and Cleanup

Tuesday, March 29, 2016, 9:00 a.m. – 12:00 p.m.
The Carmel Room of Junipero Serra State Building
320 West Fourth Street, Los Angeles, CA 90013

BACKGROUND

Single-walled underground storage tank (USTs), including single-walled piping, must be permanently closed in accordance with Health and Safety Code, chapter 6.7, section 25292.05 by December 31, 2025. This workshop is to provide information regarding the single-walled UST requirements created with the passage of Senate Bill No. 445 (Stats. 2014, ch. 547), as well as State Water Resources Control Board funding opportunities to meet those requirements.

UST Leak Prevention Program staff will discuss in detail the design and construction requirements, as well as the closure requirements, imposed by Senate Bill 445. Replacing, Removing, or Upgrading Underground Storage Tanks (RUST) Program staff will discuss loan and grant funding opportunities available to assist eligible small business owners/operators to meet the single-walled UST removal requirement. Lastly, UST Cleanup Fund staff will present information regarding cleanup funds available to assist eligible owners/operators with cleaning up petroleum-related contamination from the UST.

PARKING AND ACCESSIBILITY

The Los Angeles Regional Water Quality Control Board is located at 320 W. 4th Street, on the south side of the street between Hill Street and South Broadway. Parking is available at the corner of 4th Street and Hill Street and at the corner of 4th Street and South Spring Street.
