UNDERGROUND STORAGE TANK CLEANUP FUND FISCAL YEAR 2013/2014 (FY 13/14) SITE BUDGETS (April 15, 2013)

Initial annual site budgets for FY 13/14 are being provided for planning purposes for all active claims in Priority Class A, B, and C, **plus** certain Priority D claims. Annual site budgets are set-asides by claim for a single fiscal year. These initial budgets are for the amount that the Fund reasonably expects it can reimburse claimants on each claim during that fiscal year. The budgets are based on the work anticipated to be conducted at the site during the FY 13/14 and the anticipated funding available to the Fund for claim budgets.

Total Budgets:

The total budget set-aside for FY 13/14 claim reimbursement by Priority class is as follows:

- The total Priority D set-aside is the statutory minimum of 14 percent of annual pay-out;
- The total Priority C set-aside is the statutory minimum of 14 percent of annual pay-out; and
- The remaining funding available for claims will be allocated to Priority A and B claims.

Initial Site Budgets:

The Priority D claims that meet the criteria of the Site Closeout budget category have been assigned an annual site budget. These budgets are included as part of the total Priority D set-aside described above. The Site Closeout budget category includes open claims for which the case is closed, determined eligible for closure by the lead regulatory agency, or where the Fund's most recent 5-year review has recommended that the agency pursue case closure.

The amount of the initial annual site budget for each of the active claims identified above is based on the Priority class and the budget category. The budget category is based on the site-specific work phase of the claim, which was identified using the work phase in FY 12/13 and review of current GeoTracker reports. No initial site budgets have been set-aside for claims lacking Reimbursement Request submittals for over three (3) years, or for claims that are expected to exceed the \$1.5 M claim maximum in the FY 12/13.

Budget Change Requests (BCRs) for Increased Budget:

BCRs for FY 13/14 should be submitted beginning July 1, 2013. FY 13/14 BCRs should include the same information required for FY 12/13 BCRs. Consistent with the previous two years using the “new business model”, BCRs will be reviewed periodically when funding from revenues is sufficient to warrant additional funding set-asides for the year. Approved BCRs will be posted on the Fund’s website and announced via email in batches.

Claimants should be aware that the Fund anticipates not having sufficient funding available to approve all BCRs. Claimants should also be aware that simply submitting a BCR does not constitute concurrence for funding that BCR by the Fund.

BCR approval will be given for reasonable and necessary actions for a site to progress through the cleanup process, and ultimately meet closure criteria. Similar to FY 12/13, priority BCR approvals will be given to all claims in the Site Closeout budget category. Priority will also be given to BCRs for claims where there are significant impacts to human health, especially cases where beneficial uses of drinking water wells have been affected, pursuant to the priorities for corrective action identified in State Water Board Resolution No. [2012-0062](#) for implementation of the UST Low-Threat Case Closure Policy.

BCR approvals for Priority A and B claims are likely pursuant to the statutory priority system of claim payment. BCR approvals for Priority C claims that are not in the Site Closeout budget category are unlikely because the total set-aside for initial budgets already meets the statutory minimum of 14 percent annual pay-out.

BCRs for Decreased Budget:

Claimants with Site Budgets that exceed the costs anticipated to be incurred during the fiscal year should submit a BCR to reduce the site budget. Unused budgets can be reallocated to increase budgets of other claims that have BCRs under review. However, unexpended budgets lacking a BCR to reduce the site budget, leaves unexpended money in the Fund, which the Fund cannot otherwise anticipate.

Site Budgets for FY 13_14
