Install 80' of 15" polyethylene corrugated steel pipe at the intersection of Harbison & Holloway Rd. This pipe will be used to transfer water from the south side of Harbison Rd to the north. (see map att.) Estimated const. cost \$4000.00 per F. Hickie 04/14/94

Starting Date 4/15/94 Completion Date 5/15/94
Owner Name D. P. Ottenwalter Address PO Box 1301 Colusa Phone 458 4154
Contractor Name S. B. M. E. Address Phone 458 4520 Col 93

If this permit is granted, the undersigned agrees that all work performed will comply with all terms and conditions of this permit

Permittee (signed) Dolores P. Ottenwalter 458-4154
(printed) Address Phone

Permit

The above request is hereby approved and this permit is hereby granted subject to compliance by the applicant to "permit provisions" shown on reverse side hereof, approved project plans, maps, and specifications, other local, State and Federal Regulations and restrictions and conditions as follows:

- 1. Note all provisions on the reverse side of this permit.
2. Top of 15" pipe shall be placed a minimum depth of 30" below roadway surface.
3. Trench shall be excavated and backfilled in compliance with provision No. 14 on the reverse side of this permit. Upper 12" of backfill shall be Class 2 aggregate base compacted to 95%. See attachment "A".
4. Trench shall be excavated and backfilled within the same day.
5. Excess material and debris shall be removed from the County right-of-way upon completion of project.
6. Permittee shall provide all traffic control, Signs, Barricades and Flagmen as necessary.
7. One lane of roadway shall remain open to traffic at all times. NO ROAD CLOSURE.
8. Permittee shall be responsible for continual maintenance and repair of pipe at all times.
9. Notify the Dept. of Public Works 2 days prior to commencing work and upon completion.

Date Granted 4-19-94
Expiration Date 5-15-94

ATTACHMENT NO. 1A

Concerning Section A, Clause 6(a) comprising four sheets

Regarding the availability of water for my 160.0 acres of land, the following documents are submitted:

1. A map showing Colusa Trough (Reclamation District 2047).

Attachment No. 1A-1

2. A table showing the amount of water based on the data of different rain gauges in Colusa Trough in the year 2005.

Attachment No. 1A-2

3. Water Rights of persons utilizing water in the Colusa Trough

Attachment No. 1A-3

Taking the example of one year, it would be seen from Attachment No. 1A-2 that the total water available in the year 2005 was 403,891.50 CFS or 799,705.17 AC-FT.

Further, it is seen from Attachment No. 1A-3 that rights of 5,734.40 acre-ft/yr have already been granted.

Thus $799,705.17 \text{ minus } 5,734.4 = 723,970.77 \text{ AC-FT}$ of water is available.

My total land is 160 acres

Calculating the water requirement for one acre of farming land as 8 acre-ft per yr, it is estimated that I would need a total of about 1,280 acre-ft of water per annum. Thus my total requirement of water for which I am making this application is for 1,280 acre-ft of water per annum, which would be available in a normal year.

ATTACHMENT NO. 2

Concerning Section A, Clause No. 6(d)

The applicant has met with the Colusa Drain Mutual Water Company (CDMWC) which holds Contract 8-07-20 – W0693 – R-1 with the U.S. Bureau of Reclamation for Supplemental Water Supplies. Upon issuance of a permit the applicant will pursue necessary action to become a member of the CDMWC and have access to supplement supplies pursuant to the contract. A copy of the letter from the Colusa Drain Mutual Water Company is reproduced below:

Colusa Drain Mutual Water Company

September 12, 2007

State Water Resource Control Board
PO Box 2000
Sacramento, CA 95812-2000

To Whom It May Concern:

Mr. Raiz Siddiqui currently owns 160 acres near the Colusa Drain Mutual Water Company boundaries. He has come to the Board and has asked to purchase shares in the Company. The Company's Board of Directors is willing to work with Mr. Siddiqui to help bring his property into the Company. When his property is in the Company, the Company is willing to sell water to him.

Sincerely,

Shelley L. Miller
Secretary
